Greetings, Honorable Mayor and City Council Members,

January marks the start of a new year and an opportunity to build on the progress made in 2025.

Congratulations to Mayor Carmalitha Gumbs on making history as the City's first female Mayor. I also want to welcome our newly elected District 2 Councilman, Aaron V. Johnson. It was an honor to attend the official swearing-in ceremony for newly elected and re-elected officials on January 5th. Following the celebratory events, a public swearing-in ceremony was held on January 10th at the Southwest Arts Center (SWAC), followed by the inaugural reception at the Georgia International Convention Center.

I sincerely thank all staff and our partners for their dedication and efforts that made these significant events possible. I also appreciate our residents, community partners, and dignitaries for their presence and support as the City begins a new chapter under new leadership.

On Wednesday, January 21st, the City received a franchise fee check from Greystone for \$1.9 M, which has been processed and recorded in accordance with the City's financial procedures.

I'd like to commend our Code Enforcement Department for hosting The Power of Compliance: A Panel Discussion & Resource Fair. Staff members from Code Enforcement, Public Works, CDRA, South Fulton PD, and Fire were on hand to answer questions from our South Fulton residents, both in person and via live stream. Attendees also received assistance with reporting concerns and watched a live demonstration on how to register and use the SeeClickFix platform. All attendees received a free Compliance Kit on-site, including guides, checklists, and contact information for city services. This is an important task that helps us improve communication and educate our residents about key city services.

Throughout the month, the City's Emergency Management team and executive leadership worked with staff to prepare for severe weather associated with Winter Storm Fern and a cold-weather and snow event. The Mayor and City Council participated in a virtual briefing on Thursday, January 22, and as is our custom, we emailed updates to maintain transparency and situational awareness.

Public Works proactively pretreated major corridors, bridges, and city facilities, while Public Affairs provided timely, consistent communication to the community. Fire, Police, Solid Waste, Parks and Recreation, and other departments remained prepared and coordinated throughout the event, including operating a warming center at Burdett Park and extending phone hours for our residents. This event underscored the value of early planning, coordinated interdepartmental response, and clear communication in maintaining operational readiness and protecting public safety.

Four (4) City departments represented the City of South Fulton at the State Emergency Operations Center. It is my pleasure to report that, due to proactive planning and exceptional staff efforts, the City of South Fulton experienced no significant impacts from either storm. Strategic decisions to cancel, reschedule, or transition City meetings and events to virtual formats further ensured continuity of operations and public safety. In addition, City offices were closed on Monday, January 26; however, staff worked remotely to ensure residents continued to receive assistance with City services.

It was an honor to attend and offer encouraging remarks at the Fire Rescue Department's Recruit Swearing-In Ceremony on Friday, January 23rd. Congratulations to our newest recruits, who will play a vital role in supporting city operations and enhancing public safety. Their commitment strengthens our ability to deliver essential services and uphold the City's mission to protect and serve our residents.

With the Public Facilities Authority's unanimous approval of the Series 2026 Bonds in the amount of \$96 million at a reduced interest rate of 4.430% for the Public Safety Facility Project, the City will save over \$2 million over the life of the bonds.

To conclude the month, the annual City Council retreat was held at Chateau Elan, where the Mayor, City Council, and executive leadership participated in strategic sessions focused on governance, goal-setting, and alignment around the City's priorities for the upcoming year.

The start of this new year marks an important inflection point for the City of South Fulton—one defined by new leadership, emerging ideas, and an opportunity to re-energize our shared vision. I remain committed to working in close partnership with the Mayor and City Council through a collaborative, respectful, and professional approach that values diverse perspectives while remaining focused on results. Through intentional communication and alignment, we can translate vision into action, strengthen organizational effectiveness, and position the City for continued progress and long-term success.

Mayor and Council, thank you for your continued support and for trusting us to manage the city's affairs. Please accept this report as a summary of the city's successful outcomes for January 2026.

Sharon D. Subadan, ICMA-CM, MPS, CPM
City Manager

ACTIONPLAN

PURCHASING CARD, PROCUREMENT,
AND FINANCE CONCERNS

Purchasing Card Program Update – December 2025

Corrective actions implemented within the P-Card Program are producing positive behavioral and compliance outcomes. While compliance rates have varied over recent months, the program has maintained an average of 81% over the past six months and achieved the established goal of 91% compliance in December 2025. Our goal is 100% compliance.

Ongoing communication, including regular reminders and monitoring notices, has improved cardholder responsiveness and accountability by reinforcing that purchases are reviewed to ensure compliance with City policies and legal and ethical standards.

Compliance Overview

Month	Compliance Rate	
April	80%	
May	73%	
June	84%	
July	75%	
August	81%	
September	82%	
October	82%	
November	90%	
December	97% Departments	84% Council

Compliance Interpretation

Procurement enhances P-Card oversight to reduce compliance risks and improve control processes, making operations more reliable and secure. Phase II emphasizes standardization, automation, and enforcement for consistent accountability and audit readiness.

- **Vendor Consolidation**
Migrate high-frequency P-Card vendors to citywide master agreements or cooperative contracts to reduce transaction volume, pricing variability, and compliance risk.
- **Enforcement Authority**
Formalize the Senior Compliance Officer's authority to suspend cards, mandate retraining, and require corrective action plans for repeat noncompliance.
- **Policy Modernization**
Update the P Card policy to codify escalation thresholds, suspension triggers, retraining requirements, and approved exception pathways

Phase II Controls and Enhancements

Spend Controls Automation

Implement tighter MCC controls, including transaction limits and merchant blocks, based on commodity risk profiles.

Performance Reporting

Launch monthly dashboards to track compliance rates, suspension activity, and vendor migration progress.

Resource Alignment and Risk Mitigation

Procurement resources are strategically aligned to sustain compliance gains and reduce institutional risk. Targeted staffing investments increase review capacity, strengthen enforcement consistency, accelerate reconciliation cycles, and enable proactive coaching and early intervention.

This alignment supports authority and durable control without constraining departmental operations. The results are reduced audit exposure, fewer exception-driven risks, and a more resilient purchasing environment.

MAYOR & COUNCIL

NOTES:

General Fund Summary Revenues:

Property Taxes collected in December 2025 were \$57.621 million (92% of the \$62.92 million FY2026 budget) compared to \$54.146 million (89% of the \$60.989 million FY2025 budget) in the prior fiscal year for the same period.

Motor Vehicle Title Ad Valorem Tax (TAVT) revenue collected was \$821 thousand (23% of the \$3.5 million FY2026 budget) compared to \$535 thousand (14% of the \$3.7 million FY2025 budget).

Franchise Tax revenue collected in December 2025 was \$546 thousand (7% of the \$8.288 million FY2026 budget) compared to \$521 thousand (7% of the \$7.7 million FY2025 budget) for the same period in the previous fiscal year.

Local Option Sales Taxes (LOST) collected for December 2025 were \$9.889 million (26% of the \$37.88 million FY2026 budget) compared to \$8.804 million (23% of the \$37.682 million FY2025 budget). The rolling twelve-month comparison for December was up by \$1.933 million at \$37.615 million, compared to \$35.682 million for the same twelve months in the prior year.

Business and Occupation License revenues for December 2025 were \$328,899 (5% of the \$6.38 million FY2026 budget), down by -\$269,030 (-45%) from \$597,929 compared to December 2024. We receive the bulk of revenue for this category during the renewal period from January through May.

Insurance Premium Taxes posted for December 2025 were \$11.759 million (\$1,259,213 or 12% over the \$10.5 million FY2026 budget), also exceeding the \$10,308,814 recorded for FY2025.

Other Taxes collected for December 2025 were \$510,353, down slightly by -\$17,333 (or -3.3%) from \$527,686 for the same period in the prior fiscal year.

License and Permit revenues collected for December 2025 were \$613,693 (13% of the \$4.822 million FY2026 budget), down -\$1.503 million (or -71%) compared to \$2.116 million in the prior year. The budget for this category was increased by \$530,500 (or 12%) to \$4,821,800, up from \$4,291,250 in the FY2025 budget.

Intergovernmental Agreements (IGAs - Fire Services) The city has two intergovernmental agreements for fire services, one with Fulton County and one with the City of Atlanta (mutual aid). The budget for this category is \$1.2 million.

NOTES – Continued

Charges for Services revenues for December 2025 were \$211,172 (18% of the \$1.167 million FY2026 budget). Revenue was down slightly by -\$1,977 or (-0.9%) compared to \$213,149 for the same period in the prior fiscal year.

Fines and Forfeitures: The FY2026 budget remained unchanged at \$1.3 million. Collections are being deposited into the designated Municipal Court bank account. Transactions are accounted for in the Municipal Courts Fund (a custodial fund-type). The November disbursement reports show \$448,029 pending disbursement to the General Fund. This is up by \$257,863 (or 136%) from \$190,166 last November. The December report is not available and will be included in next month's report. The current rolling twelve-month average is trending upwards to \$1.852 million for the current fiscal year.

Investment Earnings / Income revenues were \$818 thousand (16% of the \$5.2 million FY2026 budget). Earnings are up by \$65 thousand (8.6%) compared to \$753 thousand in the prior year. This line includes \$56,600 from Gain on Sale of Assets and \$187,469 in Miscellaneous Revenue.

Hotel Motel Tax: The city increased its estimated FY2026 revenue by \$120,959 (21%) to \$702,959, up from \$582,000 in the prior year. Revenues are received, calculated, accrued, and recorded monthly in the Hotel Motel Tax Fund. The transfers to the General Fund are calculated and posted at the end of the fiscal year.

The Budgeted Use of Reserves is an estimate for FY2026 restricted for one-time purchases. We will monitor capital outlay spending trends. The amount will be adjusted up or down at the close of the FY2026 fiscal year in conjunction with the financial closing process.

Rolling Twelve Months as of December 2025: The graph displays a 12-month performance period, regardless of the specific month or fiscal year. A rolling twelve-month historical summation measures the total of the previous twelve months. Therefore, the LOST revenue trend is \$37.6 million in the current fiscal year.

NOTES – Continued

General Fund Summary of Expenditures by (Department): The following departments have open purchase orders as of December 2025:

1320 – City Manager:_____ \$313 K
Purchased/Contracted Services_____ \$301 K, Supplies_____ \$4 K,
Capital Outlay: Furniture_____ \$8 K.

1535 – Information Technology:_____ \$1.535 M
Purchased/Contracted Services_____ \$850 K, Supplies_____ \$687 K,

Capital Outlay: Buildings and Improvements:_____ \$2.806 M,
 Furniture and Fixtures_____ \$12 K,
 Other Equipment_____ \$100 K.

*** end of report ***

GOAL 1

Enhance Government Efficiency & Productivity

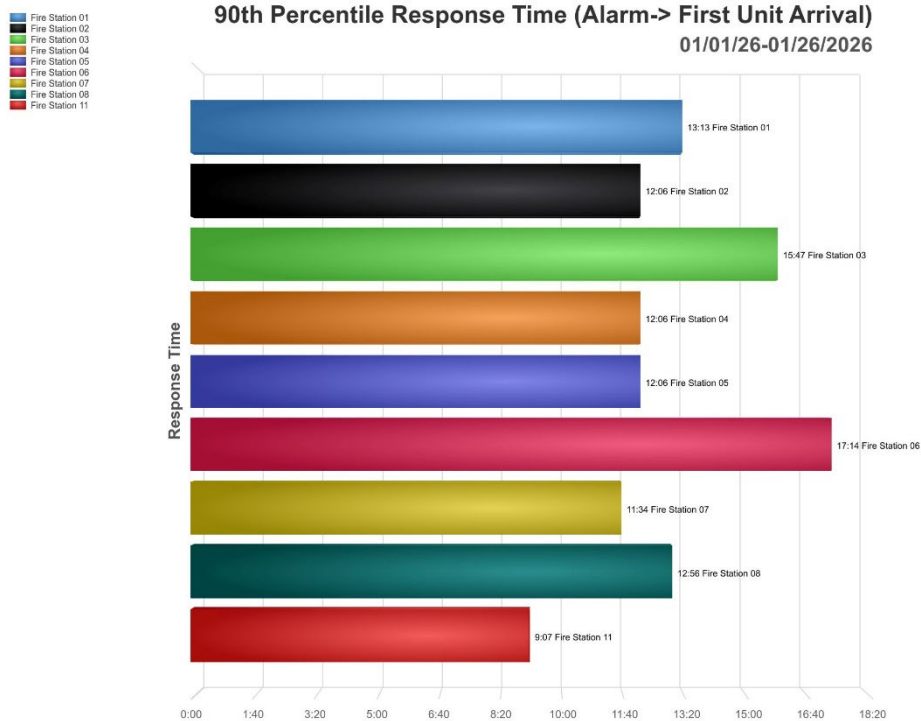

South Fulton Fire Rescue exemplifies government efficiency through its strategic resource allocation, proactive workforce development, and commitment to timely, high-quality service delivery. On Friday, January 23, 2026, the South Fulton Fire Rescue Department swore in eleven (11) new recruits. These individuals dedicated nearly a year of rigorous training and commitment to earning their place as firefighters serving the City of South Fulton.

Deploying new recruits into the field enhances government efficiency and productivity by accelerating workforce readiness and optimizing operational capacity. Increased staffing levels reduce workload pressures on experienced personnel and help minimize overtime costs, ensuring responsible stewardship of public funds.

Field placement of these new firefighters also strengthens long-term productivity by allowing supervisors to evaluate performance, identify skill gaps, and provide targeted mentorship at an early stage. This approach improves employee retention and maximizes the return on the training investment, ensuring public resources are used effectively while maintaining high service standards for the residents of South Fulton.

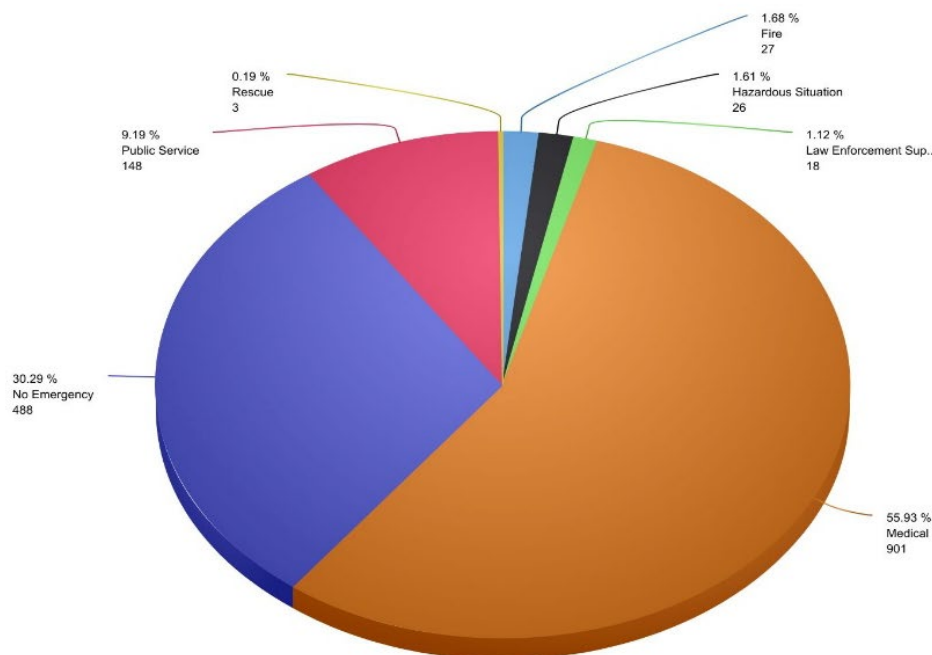

With performance driving accountability, the chart below illustrates the average response time per station from January 1, 2026, through January 26, 2026. This data reflects the department's operational effectiveness and reinforces ongoing efforts to enhance emergency response across the City of South Fulton. During this period, Station 11 recorded the shortest average response time from alarm to first unit arrival at 9 minutes and 7 seconds, while the department-wide average was 12 minutes and 54 seconds.

Total number of calls: **1,611**

Average response time is **12:54**

The following data reflects the period of January 1, 2026, to January 26, 2026. There have been 270 completed fire inspections and a total of 1,611 incidents. Fire investigators have worked on 4 investigations in the month of January, with 1 completed investigation thus far. Approximately 55.93% of the calls pertained to Medical.

GOAL 2

Increase Community Collaboration and Improve Quality of Life.

Community collaboration is strengthened when residents are given direct access to leadership and the opportunity to engage across multiple city departments in a transparent and coordinated setting. On January 21, 2026, Chief Jones participated in Code Enforcement's community engagement event, where citizens were able to ask questions and receive information directly from various City of South Fulton departments. This forum fostered open communication, increased public understanding of municipal services, and encouraged collaborative problem-solving between residents and city officials.

By participating in joint, cross-departmental engagements, South Fulton Fire Rescue reinforces a unified approach to service delivery, builds trust within the community, and ensures that resident concerns are addressed efficiently and accurately. These interactions not only improve interdepartmental coordination but also empower residents to become informed partners in public safety and community resilience.

GOAL 3

Enhance the City's Financial Stability and Economic Diversification through Strategic Leadership and Community Partnership

The South Fulton Fire Rescue Department has begun integrating Tablet Command into its operations to enhance operational efficiency, data-driven decision-making, and community resilience. The platform provides real-time situational awareness, enabling command staff to deploy resources more effectively and reduce incident durations. These operational efficiencies result in measurable cost savings through reduced overtime, lower fuel consumption, and decreased wear on equipment and support responsible fiscal management and long-term financial stability.

GOAL 4

Strengthen and Expand Infrastructure to Support Sustainability

The City of South Fulton staff, in coordination with the selected vendor, Winter Johnson, for the Fire Headquarters design, continues to advance contract negotiations to move the project forward. Additionally, the department met with HPM Johnson, the project management firm, in January to review and refine the design and concept for Station 7. These projects are expected to enhance emergency response capabilities, reduce response times, and improve public safety throughout the community, while also supporting long-term economic development and infrastructure growth within the City of South Fulton.

District Information: District 1
Council Person: Catherine Rowell

- **Southwest Arts Center:** The Southwest Arts Center renovation remains in the **Construction Administration and punch list phase**, with key electrical and fire suppression coordination completed in January. Remaining work includes final mechanical and fire protection completion, switchgear testing, and resolution of outstanding punch list items required for full project turnover.
- **Police Storage Facility:** Design efforts are currently underway for the Police Storage Facility located at 455 Great Southwest Parkway. Coordination continues to advance planning and programming requirements in preparation for subsequent design milestones. Permitting is planned to be submitted in early February.
- **City Administration Building:** The City Administration Building is currently in the schematic design phase, with design efforts focused on improving interior space utilization, functionality, and overall building performance. The first floor will undergo a level-one full renovation, and partial improvements to the second floor will include small meeting spaces. The project remains scheduled for completion in December 2026.
- There was an issue of a loss of air pressure within the fire suppression system at the City Administration Building, resulting in water entering the system and causing a leak. Preliminary assessment indicates that a tripped electrical breaker may have caused the air compressor to lose power. Normal building operations were not impacted, and maintenance staff monitored the facility overnight as a precaution. Standby contractors completed an assessment and will proceed with corrective action.
- **Sandtown Walking Trail:** The Sandtown Walking Trail project remains on track for May 2026 completion, with Prime Contractors selected and mobilization scheduled to begin on February 16, 2026, pending final permit issuance. Construction planning is focused on maintaining park operations through coordination with Parks & Recreation, implementation of site safety measures, and a formal project kickoff meeting scheduled for January 29.

District Information: District 2
Council Person: Aaron Johnson

- **Cliftondale Classroom Building:** The Cliftondale Classroom renovation remains in active construction and is scheduled for completion on March 16, 2026. Construction activities continue to progress toward final completion, with Millwork being ordered and Electrical panel work set to begin late January.

District Information: District 3
Council Person: Helen Z. Willis

- **The Welcome Center 4800 Campbell Drive:** The Welcome Center project remains in the Design Development and Construction Documents phase, as City leadership continues to coordinate with standby contractors to evaluate cost-efficient alternatives and identify a viable path forward in response to construction pricing that exceeds the allocated budget. Land Development permits remain in process with both the City of South Fulton and the City of East Point. The City of East Point has requested a formal letter confirming that a grease trap is not required, along with a copy of the executed easement agreement, prior to issuing the permit. The civil subcontractor is scheduled to meet with the reviewer and software consultant to resolve concerns and advance the permitting process.
- **Welcome All Community Center:** The Welcome All Community Center renovation is currently in the predesign phase and is scheduled for completion in May 2026. The project scope includes renovations to the public restrooms, the multipurpose room, the kitchen, and the reception area. The elevator modernization is being redefined to progress this project forward. Design coordination continues to refine the scope and phasing to support funding and operational continuity.

District Information: District 4
Council Person: Jaceey Sebastian

- **Cedar Grove Park:** The schematic design has been completed for a new building and park improvements. A planned community meeting is scheduled for early February to review the full design. Spaces will include a racquetball court, therapy pool, and classroom space.

District Information: District 5
Council Person: Keosha Bell

- **Burdett Community Center:** The Burdett Community Center renovation remains in the predesign phase with the General Services Capital Improvement team and is scheduled for completion in December 2026. The project scope includes interior renovations to the bathroom, such as new tile and fixtures, lighting upgrades, a new window in the gymnasium and multipurpose room, and a new entry pass-through window.
- **Fire Station 7:** The schematic design is being completed by Brink Designs, and a review will occur in mid-February. The project includes the construction of a new fire station and site improvement. Design coordination continues with Fire Department leadership to evaluate scope, programming, and cost impacts.

District Information: District 6
Council Person: Natasha Williams-Brown

- **Old National Park:** Old National Park continues to experience infrastructure challenges, including aging and vandalized electrical systems. Assessment and planning efforts are underway to determine the appropriate scope of repairs and replacements necessary to restore safe and reliable operations.

District Information: District 7
Council Person: Linda Becquer Pritchett

- **Fire Station 10:** Coordination meetings were held in January to advance the Fire Station 10 Warehouse project and address cost and scope constraints. Civil and warehouse construction proposals were received from three standby contractors, and in response, the city directed revisions to the civil scope to reduce costs, including limiting parking and roadway improvements and reusing existing stormwater infrastructure.
- Design coordination for MEP services is ongoing. One consultant submitted an MEP proposal, which was determined to be higher than anticipated. Scope clarification was provided in late January, and a revised proposal is pending. The project's target completion date of September 30, 2026.

Citywide and Cross-District Initiatives

- **Capital Improvements Program (CIP):** The CIP team is actively developing updated gate designs for all park entrances. This initiative is intended to reduce recurring damage to existing gate systems, improve durability, enhance safety, and reduce long-term maintenance costs across City Park facilities.
- **EV & Sustainability**
 - The City of South Fulton continues to advance sustainability and resilience initiatives focused on EV infrastructure, energy reliability, and regulatory compliance. EV charger installation under Georgia Power's *Make Ready* Program

progressed significantly in January, with multiple sites complete or nearing completion and new chargers scheduled for delivery on January 28, 2026. Existing chargers are being transitioned to a centralized monitoring platform, and additional Ford Pro chargers will be deployed across the fleet and fire facilities.

- Generator installations, electrical upgrades, and emergency power enhancements are underway at key facilities and fire stations to strengthen outage resilience and operational efficiency. In parallel, the city has initiated citywide generator maintenance, NFPA life safety audits, and HVAC modernization efforts, prioritizing retained fire stations and aging infrastructure to improve efficiency, reliability, and compliance.

- **Health, Safety, and Compliance:**

- Key safety and compliance initiatives were completed, including finalization of the Municipal Court security and emergency preparedness plan and successful completion of the annual aboveground fuel storage tank inspection in coordination with Georgia EPD. A Phase I Environmental Site Assessment was completed at Wolf Creek, and emergency evacuation assembly signage was installed at City Hall, Public Works, the City Administration Building, and Burdette Park. Additional improvements included replacing the boiler pump at the Welcome All Park pool, delivering NFPA-compliant hazardous materials storage drums to Fire Station 6, completing annual fire extinguisher inspections at multiple facilities, and conducting mold testing at City Hall.

- **Fleet Operations**

- All scheduled preventive maintenance activities were completed during the reporting period. A total of 40 work orders were completed supporting Fire Rescue, Public Works, Parks and Recreation, Code Enforcement, and General Services.

- **Fuel Consumption**

- 17,000 gallons of regular fuel*

- 5,500 gallons of diesel fuel*

- There is currently no new fleet equipment procurement underway, and no significant vendor supply issues or vehicle surplus actions are impacting fleet operations currently.

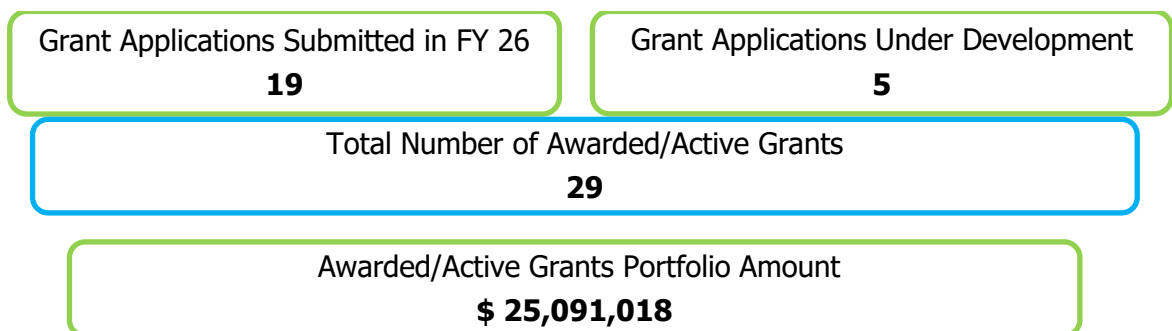

Grants Report Strategic Plan Alignment

- Goal 2: Increase Community Collaboration & Improve Quality of Life
- Goal 3: Enhance the City's Financial Stability and Economic Diversification through Strategic Leadership and Community Partnership
- Goal 4: Strengthen and Expand Infrastructure to Support Sustainability

Key Highlights

- Recent Grant Awards
 - FY 25 Safe Streets and Roads for All (SS4A) grant for \$480,000 through the U.S. Department of Transportation for development of a Vision Zero Action Plan.
 - Building Opportunities in Out of School Time (BOOST) grant for \$58,000 from the Georgia Recreation & Park Association to support the City's afterschool and summer programming.
 - Recycling and Waste Diversion Grant for \$80,661 from the Georgia Department of Natural Resources – Environmental Protection Division to fund recycling infrastructure upgrades at Merk Miles Center, signage, and recycling receptacles.
 - Two Federal Appropriations supported by Senator Ossoff and Congresswoman McBath, totaling \$1,497,000 to fund stormwater infrastructure improvements and traffic enforcement vehicles for the Safe Road Initiatives Team.

Goal 1: Enhance Government Efficiency and Productivity

The South Fulton Police Department is committed to strengthening operational efficiency by leveraging data-driven deployment strategies, streamlining case management systems, and enhancing officer training programs. These efforts ensure that resources are used effectively to deliver timely, professional services to the community.

Goal 2: Increase Community Collaboration and Improve Quality of Life

The Police Department will continue to build and maintain partnerships with community stakeholders through proactive outreach programs, youth engagement initiatives (PAL), and neighborhood watch (HOA) collaborations. Our focus is on reducing crime, increasing transparency, and fostering trust, thereby enhancing the overall quality of life for our residents.

Goal 3: Enhance the City's Financial Stability and Economic Diversification

The South Fulton Police Department supports economic growth by ensuring the safety of business and commercial districts, while also prioritizing fiscal responsibility. By assigning officers based on crime trends, utilizing technology to reduce paperwork, and managing overtime more effectively, we minimize unnecessary spending while maintaining high-quality police services. These efforts create a safe and stable environment that attracts investment and supports the City's long-term financial health.

Goal 4: Strengthen and Expand Infrastructure to Support Sustainability

The Police Department is focused on sustaining long-term public safety through strategic investments in personnel and facilities. This includes recruitment and retention initiatives to build a stable workforce, modernizing our training programs to meet evolving community needs, and strengthening partnerships with regional agencies to ensure coordinated responses during emergencies. Additionally, with approval of our new headquarters, we are preparing to expand and modernize our operational infrastructure, enhancing service delivery and providing a lasting foundation for the department's future growth.

Winter Preparedness 2026

The South Fulton Police Department mobilized operations ahead of the winter storm to support public safety citywide. Efforts included road closures, black ice response, warming center security and outreach, homeless engagement and transportation protocols, continuous weather monitoring, and coordinated public messaging across all platforms. As a result of these proactive measures, there were no reported resident injuries on roadways and only minimal traffic disruptions.

Congratulations Officer Jonathan Clayton!

The South Fulton Police Department proudly recognized Officer Jonathan Clayton for receiving the M.A.T.E.N. Award of Achievement – Speed Detection Award 2025, presented by the Metro Atlanta Traffic Enforcement Network in partnership with the Governor's Office of Highway Safety.

Since the inception of the South Fulton HEAT Unit in October 2024, Officer Clayton has been a driving force behind traffic safety initiatives—often serving as the sole contributor to enforcement objectives and taking the lead in planning and executing safety checkpoints. His 2025 enforcement efforts speak for themselves:

- 76 DUI arrests
- 65 DUI contacts
- 1,309 speeding violations
- 265 distracted driving citations
- 197 seatbelt violations

Donuts & Dialogue

The City of South Fulton PAL (Police Athletic/Activities League) proudly hosted Donuts & Dialogue: Human Trafficking Awareness at Walmart on Old National Highway, in partnership with the South Fulton Police Department.

This impactful event focused on education, prevention, and community awareness, providing attendees with valuable information on the warning signs of human trafficking, how to report suspicious activity, and ways we can work together to protect our youth and families.

Thank you to everyone who stopped by, participated, and supported this important conversation. Your involvement helps strengthen our community and reinforces our shared commitment to safety and prevention. Together, we are building a safer South Fulton one conversation at a time.

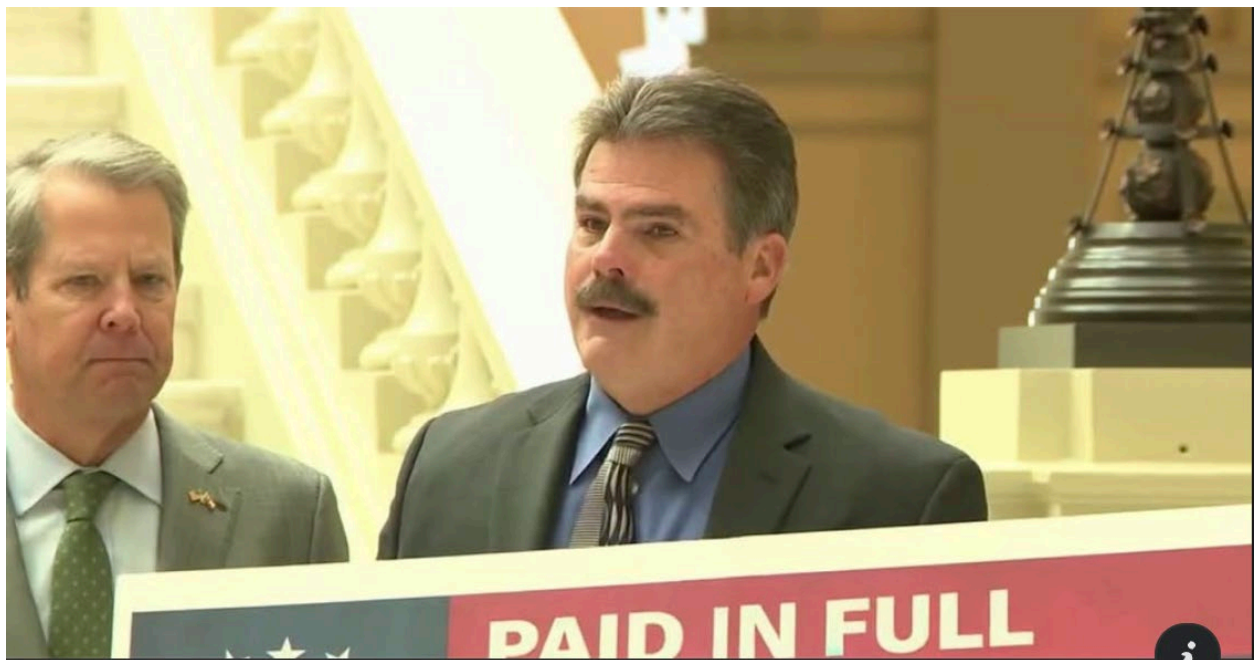

Honoring Lt. Cook at the Georgia State Capitol

the South Fulton Police Department proudly recognized Lieutenant Cook, who was honored at the Georgia State Capitol for his bravery, sacrifice, and unwavering dedication to service after being wounded in the line of duty. In an incredible show of support and gratitude, private donors paid off Lt. Cook's mortgage in full, lifting a major burden and reminding us all of the power of community.

Lt. Cook's strength and resilience continue to inspire our department and the City of South Fulton. We are thankful for the overwhelming support shown to him and his family, and we remain proud to stand beside one of our own.

Law Enforcement Appreciation Day

We proudly recognize and thank the dedicated men and women of law enforcement who serve our community with courage, integrity, and professionalism every day. Their commitment to protecting lives, building trust, and keeping our neighborhoods safe does not go unnoticed. The South Fulton Police Department extends heartfelt appreciation to all officers both sworn and civilian for their hard work, sacrifice, and unwavering dedication to service. Thank you for answering the call and for standing strong for our community.

PAL P.A.S.S. – Teen Driving Initiative

The South Fulton Police Athletic League (PAL) is proud to offer PAL P.A.S.S., a teen driving initiative designed to equip young drivers with the skills, knowledge, and confidence needed for safe and responsible driving. Through mentorship, hands-on practice, and classroom instruction, participants will learn not only the rules of the road, but also the mindset required to succeed behind the wheel. This program focuses on building responsible habits that promote safety for our teens and the entire community.

South Fulton PAL P.A.S.S.

Prepare. Act. Steer. Succeed

SAFETRACK
TEEN ROAD READINES

Why Choose Us

PAL P.A.S.S. is South Fulton PAL's teen driving initiative designed to equip young drivers with the skills, knowledge, and confidence needed for safe, responsible driving. Through mentorship, hands-on practice, and classroom instruction, teens will learn the rules of the road and the mindset to succeed behind the wheel

- ✓ PAL will pay for:
 - The Georgia permit test
 - Joshua's Law 30-hour course
- ✓ Defensive Driving
- ✓ Police Encounters
- ✓ Mock pull-overs

Location: 5767 Old National Hwy
South Fulton, GA 30349
Starts: Jan. 14th, 2026

PAL Mentoring Program Building Future Leaders

The City of South Fulton Police Athletic/Activities League (PAL) Mentoring Program offers youth ages 13–18 the opportunity to gain essential life skills, build accountability, and prepare for their future. The program focuses on leadership development, positive decision making, and helping young people meet life's challenges.

CITY OF SOUTH FULTON

CITY OF SOUTH FULTON PAL TEEN MENTORING PROGRAM

The City of South Fulton Police Athletic/ Activities League's Mentoring Program offers a valuable opportunity for young individuals ages 13-18 to gain essential life skills and prepare for their future. The goal of the mentoring program is to offer a comprehensive approach to reducing delinquency and misconduct by building accountability. Skills needed for leadership have changed: there are more complex and adaptive thinking abilities needed. **This is no longer just a leadership challenge of what good leadership looks like; it is a development challenge of how to grow bigger minds.** The mentoring program strives to develop citizens who possess the ability to meet present and future challenges in their lives and community.

South Fulton PAL Community Gun Safety Class

The City of South Fulton PAL invites the community to attend our upcoming Gun Safety Class focused on education, responsibility, and safe practices.

Saturday, February 21st, 2026 11:00 AM – 2:00 PM
6385 Old National Hwy, Ste. 210
South Fulton, GA 30349

This class is a great opportunity to learn important safety tips and gain valuable knowledge in a supportive environment.

The City of South Fulton's Procurement Department continues to play a critical role in delivering on our strategic priorities, ensuring fiscal responsibility, enhancing public safety, improving infrastructure, and supporting local economic growth. Recent initiatives underscore the City's commitment to streamlined purchasing, accountability, and smart investment.

1. Federally Funded Playground Installation Project Approved

The City of South Fulton has approved a federally funded playground project to support equitable access to safe, ADA-compliant play spaces. The project is funded through a federal community development allocation and includes the acquisition and installation of modern playground equipment.

2. Demolition Services Awarded to Three Vendors for Citywide Use

The City awarded contracts to three separate demolition firms to provide on-call services for citywide projects requiring structural removal, site clearing, and related demolition work. These awards were issued through a competitive process, establishing pricing for various demolition scopes across departments.

3. Police Pursuit Vehicle Procured Through Cooperative Contract

The Police Department will procure a new pursuit rated vehicles through a cooperative purchasing agreement using a competitively awarded Sourcewell contract. This streamlined method ensures compliance, accelerates delivery timelines, and secures nationally bid pricing without requiring a separate local solicitation.

4. Police Administrative Vehicles

The City of South Fulton Police Department will acquire administrative-use vehicles using a competitively awarded cooperative contract. Leveraging the Sourcewell cooperative purchasing agreement, this method provides immediate access to fleet vehicles without the delay of a formal bid process

These non-pursuit vehicles will be used by command staff and administrative personnel for operational travel and interdepartmental coordination. The purchases ensure reliability, warranty compliance, and cost efficiency by utilizing pre-negotiated national pricing.

5. Police Equipment Upfitting Completed via GSA Contract with Dana Safety Supply

The City outfitted newly acquired police vehicles with emergency lights, consoles, sirens, and mounting equipment through Dana Safety Supply using a General Services Administration (GSA) contract. This federal cooperative contract allows municipalities to leverage cooperative contract allows minimalities to leverage pre-negotiated pricing, compliance standards, and install expertise.

The use of GSA streamlined the procurement and ensure compatibility across patrol vehicles, while maintaining warranty coverage and officer safety standards. This purchase supports the rapid deployment of both pursuit-rated and administrative vehicles acquired in this procurement cycle.

These Procurement approaches reinforce the city's commitment to strategic sourcing, speed to the field, and compliance with both federal and local purchasing regulations.

The following is the Transportation Update Report for January 2026. The (*) mark indicates updated information from the December 2025 report. This report provides a detailed overview of sixty-six (66) projects for the City of South Fulton in TSPLOST I, TSPLOST II, Capital Improvement, State, and Federal funding within Public Works in the following stages:

- | | |
|------------------------|---------------------------------|
| 1. Planning: | Zero (0) total projects. |
| 2. Design: | Thirty-six (36) total projects. |
| 3. ITB/ Out-to-Bid: | One (1) total project. |
| 4. Under Construction: | Fourteen (14) total projects. |
| 5. Completed: | Fifteen (15) total projects. |

1. Planning Phase (0 projects). Projects in this phase will have defined scopes and cost estimates. However, they will require evaluation by a design engineering firm. Once design consultants are assigned, project estimates and a schedule will be provided.

2. Design Phase (36 projects). Projects in this phase will transition to construction once the concept reports are reviewed, the design is complete, the Right-of-Way (ROW) plans have been certified, and the land parcels have been acquired. The cost estimates and project schedule are subject to change.

- **Capital Improvement Projects (CIP) (5)** -Gravel Road projects. Projects are progressing through preliminary design.
- **RG-160.** Two segments of Jones Rd need paving, and a culvert needs to be replaced. RSH, the design consultant, is assessing improvements at the Hall Road 4-way stop and a planned GDOT roundabout at Campbellton-Fairburn Road (SR 92). Design costs are \$538,268. Design anticipated completion by mid-February, with construction estimated to begin in the fall of 2026. The estimated cost is \$13 million, with roughly \$3.65 million in construction funded by Union City via an Intergovernmental Agreement (IGA). A public input open house (PIOH) was held on June 12, 2025, where RSH presented drawings and discussed potential improvements with the public.
- **RG-164.** Oxford Rd is a half-mile unpaved residential street that serves as a cul-de-sac off West Stubbs Rd. Khafra Engineering is the design consultant for \$149,277. The design is expected to be completed by the end of 2025, with construction beginning in spring 2026. A PIOH was held on June 10, 2025, during which Khafra presented drawings and discussed potential improvements with the public. The concept report has been reviewed and finalized. The estimated cost is \$5.6 million.

- **RG-163.** Thames Rd, a 1600-ft gravel road, will have a complete street design, including sidewalks, implemented at the intersection with Butner Rd. Khafra Engineering is the design consultant for \$158,886. Design completion is expected by the end of 2025, with construction estimated to commence in spring 2026. The concept report has been reviewed and finalized. A PIOH was held on May 29, 2025, during which Khafra presented drawings and discussed potential improvements with the public. The estimated cost is \$5.3 million.
- **RG-162.** Rocky Head Rd. is a 900-ft. unpaved residential street connecting Owl Rock Rd. and Union Rd. Khafra Engineering is the design consultant for \$110,134. Design completion is expected by the end of 2025, with construction estimated to commence in spring 2026. The concept report has been reviewed and finalized. Khafra presented drawings and discussed potential improvements with the public at a PIOH held on May 29, 2025. The estimated cost is \$3.7 million.
- **RG-161.** Hall Rd. will be paved along its one-mile unpaved stretch, including sidewalks and other improvements. The existing bridge over Line Creek may need to be replaced. Moreover, intersections with Jones Rd and Ridge Rd will need enhancements. Another segment, roughly 1.75 miles long, is already paved but needs sidewalks and other upgrades. RSH is the design consultant for \$711,960, with completion expected by summer 2026 and construction to begin by fall 2026. The concept report has been reviewed and finalized. A PIOH occurred on June 11, 2025, where RSH provided drawings and discussed potential improvements with the public. The estimated cost is \$15.9 million.

- **Federal/State Projects (5)**

- **PI0019647.** This GDOT-managed project will enhance the intersection of Fulton Industrial Blvd at Westpark Place by improving sight distance for motorists in the turning lanes by offsetting the left-turn lanes on Fulton Industrial Blvd (FIB). A Restricted Crossing U-turn (R-CUT) intersection will be implemented to alleviate congestion and reduce accidents from Westpark Place. The estimated cost is \$2.6 million, with construction let projected for January 2027 for *\$2.3 million. The project spans 1900 feet, with GDOT anticipating acquiring four parcels. Design engineering was authorized for \$622,727. The Preliminary Field Plan Review (PFPR) *is complete. Design of the R-CUT and median on FIB is ongoing.
- **PI0019841.** This GDOT-managed project will improve Jonesboro Rd at Bethsaida Rd intersection by installing a multi-lane roundabout and sidewalks. This safety project is estimated to cost \$3.6 million, with construction at *\$2.4 million, starting in March 2027 and taking around two years to complete. The project is 1584 feet long. GDOT estimates four parcels along Jonesboro Rd need to be acquired. Design engineering was authorized for \$700K. The PIOH meeting was held on March 26, 2025, and the input was evaluated.

- **T-281.** The Fulton Industrial Blvd sidewalks between Lakeview Court and Westpark, and the Fulton Industrial Blvd at Cascade Rd intersection improvements **(T-282)**, *are in final design and will be let as a single construction project. All agreements between the City and GDOT are in place. The city has approved the Concept reports. Both projects are part of the Fulton Industrial Community Improvement District (FICID). Construction let by GDOT through the FICID; South Fulton is listed as the local municipality and funded through the ARC's Last Mile Connectivity Program. The estimated combined cost is \$9.2 million, with \$1 million coming from local funds. Kimley-Horn & Associates, Inc. is the design engineer. The design and land acquisition are estimated to be completed by March 2026, with construction scheduled to begin in June 2026.

- **OSI-605.** SR 92 @ Jones Rd and SR 92 @ Demooney Rd intersection improvements, including installation of two roundabouts, sidewalks, realignment, and streetlights. The aim is to reduce the number of accidents at the intersections. The project is 4040 feet long and will be managed and funded under GDOT's safety program. Short-term and intermediate-term solutions have been developed to address safety and operational concerns, including clearing vegetation and implementing temporary traffic signals. There may be some lane closures during the project. The design is estimated to be completed by June 2026, with construction expected to commence in *2028. The estimated cost is \$12.9 million, with \$52,250 allocated from TSPLOST I Funds. AECOM is the design engineer. It is estimated that GDOT will acquire eleven parcels. The PIOH meeting was held on October 9, 2025, and the input was evaluated. *Following completion of the ROW Acquisition and environmental documentation, design will be finalized, and the project can advance towards construction.

- **TSPOST II Projects (19).** The City Council approved several design consulting firms for standby design engineering services. The following projects were awarded and started in the concept phase; once the concept report is finalized and after the PIOH occurs, the projects move into preliminary design, then to final design. Project cost estimates and schedules have been updated and are subject to change.

<u>Project Name</u>	<u>Cost Est.</u>
PBI-906. Welcome All Rd sidewalks (1.5 miles) from Roosevelt Hwy to Will Lee Rd are being designed by AEI/STV, with completion by the end of 2026. *Survey work is ongoing with concept to follow; cost estimates and schedules will be updated. The estimated construction phase funding of \$3,267,384 has been deferred to future funding. PIOH is pending.	\$3.7M
PBI-911. Merk Rd sidewalks (1.25 miles) from Camp Creek Parkway to Aldredge Rd are being designed by AEI/STV, with completion expected by summer 2026. *Survey work is ongoing with concept to follow. The estimated construction phase funding of \$3,888,540 has been deferred to future funding. PIOH is pending.	\$4.2M
PBI-910. Fill in sidewalk gaps, approximately $\frac{3}{4}$ of a mile within the existing sidewalk network on Jerome Rd from Old Notional Hwy to Old Bill Cook Rd. RS&H is the Design engineering, with completion expected by summer of 2026. The estimated construction	\$1.8M

phase funding of \$1,633,692 has been deferred to future funding. Concept development phase, cost estimates, and schedules will be updated. PIOH is pending.	
T-288 (B-510). Stacks Rd Bridge Replacement over CSX Railroad. Atlas is the design engineering for \$240K and CSX Transportation for \$27,550 from the Public Works' General Fund, with an estimated completion date of spring 2026. A PIOH was held on December 18, 2024. Preliminary design continues. ROW plans are being developed, with construction estimated for *summer 2027.	\$5MM
OSI-631. Union Rd at Thames Rd intersection improvements will include a roundabout, sidewalks, and streetlights. AEI is the design consultant with completion in early 2026 for \$194,700. Eleven parcels are estimated to be acquired. A PIOH was held on December 16, 2024. Plans are under review. In the preliminary design phase. The estimated start of construction is late 2026.	\$1.7MM
OSI-629. Ono Rd/Hobgood Rd at Rivertown Rd intersection improvement, including a roundabout, sidewalks, and streetlights. AEI is the design consultant for \$258,060, with completion in spring 2026, with an estimated construction start in fall 2027. Plans were reviewed, and a field review is underway. Eighteen parcels are estimated to be acquired.	\$3.9MM
OSI-628. Old Fairburn Rd at Thaxton Rd intersection improvement will include a roundabout, sidewalks, and streetlights. The design, awarded to Khafra for \$196,625, is estimated to be completed in the fall of 2026, with construction starting in spring of 2027. The concept report was finalized. PIOH occurred on October 23, 2025. Concept plans were updated, and another PIOH is to be scheduled.	\$4.3MM
OSI-622. Butner Rd at Aldredge Rd intersection improvements, including roundabout alternatives, sidewalks, and streetlights, are in preliminary design. The design, awarded to Khafra for \$195,965, is estimated to be completed in fall 2026, with construction starting in summer 2027. The concept report is being finalized. PIOH occurred on October 28, 2025.	\$3.2MM
OSI-600. Bethsaida Rd at Creel Rd/West Rd intersection improvements, including roundabout alternatives, sidewalks, and streetlights. The design, awarded to AEI for \$237,160, is estimated to be completed by the end of 2025, with construction scheduled for early 2028. A PIOH was held on July 10, 2025. The project will be coordinated with the Bethsaida Rd sidewalk project from Old National Hwy to Nunn Woods Way (PBI-902)	\$3MM
OSI-623. Bethlehem Rd at Cedar Grove Rd intersection improvements, including roundabout alternatives, sidewalks, and streetlights. The design, for \$189,750, was awarded to Khafra and is estimated to be completed by Fall 2026, with construction starting in 2028. There is a potential concept change for this project, which may delay design and construction. PIOH to be scheduled pending concept revisions.	\$2.7MM
OSI-620. Aldredge Rd at Merk Rd intersection improvements, including a roundabout, sidewalks, and streetlights. The design was awarded to AEI for \$248,160, with completion by April 2026. PIOH occurred on December 16, 2024. Ten parcels are to be acquired.	\$1.9MM

Anticipated construction to start in summer 2027. Preliminary design plans were reviewed, and a field review is underway.	
PBI-914. The design to fill in sidewalk gaps within the existing 1.15 miles of the sidewalk network on Union Rd from Owling Rock Rd to Bunting Ln is *underway by Khafra for \$398,280 and is estimated to be completed by summer 2026. PIOH occurred on October 21, 2025. Anticipated construction to start summer 2027.	\$5.3MM
B-508. The design of Koweta Rd Bridge Over Deep Creek Replacement is *underway by AEI for \$218,750. Estimated design completion by fall 2026. Anticipated construction to start in spring 2027. The concept report has been updated. PIOH occurred on October 22, 2025, and input has been evaluated.	\$3MM
B-505. The design of Derrick Rd Bridge Over Deep Creek Tributary Replacement is *underway by AEI for \$218,750. Estimated Design completion by spring 2026. Anticipated construction to start in early spring 2027. The concept report has been updated. PIOH occurred on October 22, 2025, and input was evaluated.	\$2.9MM
PBI-908. Flat Shoals Rd sidewalks (2.5 miles) from Old National Hwy to Buffington Rd. RS&H, the design consultant for \$451,385, is developing the concept report. The design is estimated to be completed by the end of 2026. Anticipated construction starts in fall 2028. The construction phase estimated cost of \$5,992,080 will be deferred to future funding. PIOH to be scheduled. *Concept development phase.	\$6.5MM
PBI-903. Cascade Rd sidewalk (3 miles) from the City of Atlanta city limits to Fulton Industrial Blvd. RS&H, the design consultant for \$581,035, is expected to be complete by the end of 2026, with construction anticipated to start in fall 2028. The construction phase estimated cost of \$6.1 million will be deferred to future funding. PIOH to be scheduled. *Concept development phase.	\$6.8MM
PBI-902. The design of the Bethsaida Rd sidewalk (1.5 miles) from Old National Hwy to Nunn Woods Way *is underway by AEI/STV for \$431,749. Estimated design completion by fall 2026, with construction to start in summer 2028. PIOH was held on July 10, 2025. The project will be coordinated with Bethsaida Rd at Creel Rd/West Rd intersection improvements project (OSI-600).	\$4.8MM
B-599. Oglesby Rd Bridge/Culvert over a tributary of Morning Creek is a quick-response bridge-replacement project. This bridge will have accessibility throughout the project. AEI is the design consultant for \$202,917. Estimated Design completion by *early 2026, with construction to start in summer 2026. In final design.	\$2.3MM
T-270 (B-504). The Design of the Demooney Rd over Deep Creek Bridge Replacement, featuring sidewalks, was completed by Long Engineering for \$284,625 from the Public Works' General Fund. The project is in the ROW phase. Once the two remaining parcels are acquired and ROW is certified, the project can be let for construction. The estimated start for construction is *summer 2026.	\$3.2MM

- **TSPLOST I Projects in the Design phase (7)**

<u>Project Name</u>	<u>Cost Est.</u>
OSI-619. The design of the Butner Rd at West Stubbs Rd intersection improvement is underway by AEI for \$47,326.90, expected to be completed by *April 2026. The estimated construction cost of \$4.8 million will be deferred to future funding. PIOH to be scheduled.	\$5.5MM
OSI-618. The design of the Welcome All Rd at Scarborough Rd intersection improvement, including a roundabout and sidewalks, has been completed by AEI for \$141,335. Utility coordination is ongoing. ROW acquisition *phase with five of nine parcels acquired. Construction is estimated to start in early 2026. The ITB for construction is anticipated to go out once the final parcels are acquired.	\$2.9MM
OSI-616. The design of Stonewall Tell Rd at Jones Rd/Pittman Rd intersection improvement, which includes a roundabout and sidewalks, has been completed by AEI for \$131,445. ROW acquisition phase with six of nine parcels acquired. Utility coordination is ongoing. Construction is estimated to start in spring 2026, after ROW acquisition. \$1 million of the estimated total will be funded by Fund 212 (Camera Funds).	\$3.5MM
OSI-608. The design for the intersection improvement of Enon Rd at Stonewall Tell Rd, including a roundabout, streetlights, and sidewalks, has been completed by Jacobs Engineering for \$133,814. ROW acquisition phase with *ten of eleven parcels acquired, with construction estimated to start in summer 2026. Construction phase funding of \$2.6 million is being transferred to TSPLOST II funding.	\$2.9MM
OSI-607. The design of the Demooney Rd @ West Stubbs Rd intersection improvement, which includes a roundabout, streetlights, and sidewalks, has been completed by Jacobs Engineering for \$139,679. ROW acquisition phase with one of four parcels acquired. Utility coordination is ongoing. Construction is estimated to start in spring 2026.	\$2.7MM
OSI-603. Butner Rd at Pittman Rd intersection improvement includes a roundabout, sidewalks, and streetlights. AEI is the design consultant for \$143,672, with completion expected by the *spring 2026. Construction is estimated to start early 2027.	\$3.4MM
OSI-601 (B-500). Butner Rd at Camp Creek Parkway intersection improvement and bridge replacement, including sidewalks and trail path access. Both projects are scheduled to be advertised together for construction. Atlas, the design engineer for the bridge replacement project, is in the final design phase for \$177,346. AEI, the design firm for the intersection project, has completed the design for \$81,500. The ROW phase for both is complete. Utility coordination ongoing. Construction estimated to start *mid-May pending final GDOT signal permit. *Preparing ITB for construction.	\$7.6MM

3. Intent-To-Bid (ITB)/ Out-To-Bid (1) Projects. Projects in this phase are either preparing to go through the bid process or are currently in the bid process. The next phase is construction.

- **TSPLOST I Projects (1)**

- **OSI-617.** Welcome All Rd at Jaillette Rd intersection improvement, including sidewalks and streetlights, was completed by Atlas for \$117,185. ROW certified. *Utility coordination with the City of Atlanta's Department of Watershed Management is completed. *Preparing the ITB for advertising. Construction is expected to start once the NTP is granted, with an estimated cost of \$2.6 million and a duration of one year.

4. Under Construction (14) Projects

- **Federal/State (10)**

- **T-265.** Sidewalks and landscaping will be installed on Old National Highway from Flat Shoals Rd to Jonesboro Rd, along with signal upgrades at Bethsaida Rd, Creel Rd, Woodward Rd, McGhee Landing, and Flat Shoals Rd. Design is complete. This 2.6-mile project is funded 80% by the ARC's Last Mile Connectivity Program and 20% by local funds. Atlas is the design firm for this project, with a contract worth \$274,159. The City let the construction project on June 13, 2025, and bids closed on July 16, 2025. The city reviewed the bids, and GDOT made its recommendations. The City Council awarded the construction contract to SD&C on October 14, 2025, for an amount not to exceed \$3,796,061.45 plus a 10% contingency, for a total construction cost of \$4,175,667.60. The project is expected to take a year to complete once the Notice to Proceed (NTP) is issued.
- **T-285.** An elliptical roundabout will be built at the intersection of SR 92, Butner Rd, and Ridge Rd (1/2 mile), along with streetlights. ROW phase is complete. AECOM, the design engineering firm, completed the design for \$955,000. GDOT closed the construction bid on June 13, 2025, and awarded the contract to SD&C for \$3,918,653 on July 10, 2025. The total cost is \$6,513,798. The project is estimated to be completed by the end of August 2027.
- **T-277.** The Cochran Rd bridge over Camp Creek is being replaced. The bridge will have lighting, sidewalks, and new roadway approaches. This project is funded 80% by ARC and 20% by local funds. Southeastern Site Development, Inc. is the construction vendor for \$3,894,560.01, plus a 10% contingency, for a total construction cost of \$4,284,016.01. Construction is estimated to be completed *by fall 2026.

- **T-273.** Buffington Rd from Rock Quarry Rd to SR 14/US 29 is being upgraded. The bridge over South Fulton Parkway will be replaced. **T-272.** Additionally, Buffington Road, from Royal South Parkway to Rock Quarry Rd, is undergoing upgrades, including shoulder sidewalks and operational improvements at each intersection. Both projects are GDOT-managed. C.W. Matthews has been awarded both contracts, totaling \$42.5 million, with \$3.1 million in local funding allocated for utilities. The expected completion date for construction is the end of November 2026. Utility relocation, storm drain installation, and retaining wall construction are ongoing. Throughout the construction process, temporary lane closures, traffic shifts, and detours may be implemented to ensure the safety of everyone in the area. However, no closures will occur from 6:00 a.m. to 9:30 a.m. and 4:00 p.m. to 6:00 p.m., Monday through Friday.
- **T-266.** The sidewalk project along New Hope Rd between Campbellton Rd and Danforth Rd will include a roundabout at Boat Rock Road. It is 80% funded through the ARC's Last Mile Connectivity Program and 20% funded locally. On March 19, 2024, DAF Concrete, Inc. was awarded the construction contract for \$3,301,268, plus a 10% contingency. NTP was given on November 21, 2024. According to GDOT, the completion date is July 2026.
- **OSI-624.** Converting Roosevelt Hwy at Washington Rd signalized T-intersection into a single-lane roundabout and other improvements. This is a GDOT-managed project. GDOT issued the NTP to Knight & Associates on November 30, 2023. The construction completion date is by *early 2026. According to GDOT, the total cost is \$6,774,387.63, plus \$684,300 in local utility funding.
- **PI0013809.** Bridge Replacement on SR 14/US 29 between Mallory Road and Welcome All Road over CSX Railroad, including sidewalks. The bridge will be constructed adjacent to the existing one to facilitate traffic flow. The project has a total project length of 0.417 miles. CMES, Inc., was awarded the contract for \$17,539,855. The NTP was issued on September 11, 2024, and is scheduled for completion by September 2027.
- **B-502.** Bethsaida Rd over Morning Creek Bridge will be replaced, and sidewalks will be added. The project length is 0.25 miles. GDOT will manage and fund this project under its Local Bridge Replacement Program. A PIOH was held on March 26, 2025. The project let for construction in August 2025, with an anticipated completion by March 2028. The Total cost is \$4,802,428, with the city funding \$50k towards ROW acquisition. Wilson Construction Management, LLC., was awarded the construction contract for \$3,507,428. CHA Consulting was the project engineer (PE). There will be a detour during the bridge construction. Sixteen parcels were acquired.

- **I-285 / I-20 West Interchange Project.** This project is a major initiative by GDOT to reconstruct and widen several system-to-system ramps, add collector-distributor and auxiliary lanes, and build a flyover ramp from I-20 westbound to I-285 southbound. This design aims to improve traffic flow at this busy interchange by addressing existing congestion, safety, and operational issues. The project's expected substantial completion date is around 2030. For the City of South Fulton, residents face lane closures, ramp closures, traffic shifts, and possible detours. GDOT and the city advise motorists to plan ahead and expect delays in the interchange area. Residents are encouraged to check 511ga.org or the GA 511 mobile app for the latest traffic updates. The improved infrastructure will enhance access and mobility for the city with better highway connectivity. GDOT and Legacy Infrastructure Contractors, LLC should manage construction impacts, such as noise and traffic disruptions, and implement community mitigation measures, including noise barriers, signage, and aesthetic improvements, to lessen adverse effects on residential neighborhoods.

- **TSPLOST II Projects (1)**
 - **T-271 (B-506).** Fairburn Rd upgrades from Cascade Rd to North Utoy Creek include sidewalks, replacements of the North and South Utoy Creek bridges, addition of turn lanes, and other improvements. SD and C, Inc. was awarded the contract for \$8,454,703.64, with a contingency of \$750,000. The total estimated cost is \$9,723,473. Utility relocation and bridge work are ongoing. The estimated completion date is May 2026.

- **TSPLOST I Projects (3)**
 - **OSI-613.** Improvement of the Stonewall Tell Rd at Union Rd intersection, including streetlights, sidewalks, and a roundabout—also, the Old Fairburn Rd at Union Rd intersection improvement (**615**). Due to proximity, the projects were advertised as a single construction project. The bid closed on September 24, 2024. The estimated cost was \$4.3 million. City Council awarded the contract to Summit Construction & Development. LLC. at the November 12, 2024, City Council meeting for \$3,493,926.51 plus 10% contingency. The NTP was given in January 2025. Construction to be completed by April 30, 2026.

 - **SU-700.** Flat Shoals Road Signal Upgrades and fiber communications from Mallory Rd to Old National Hwy design were completed by Jacobs Engineering for \$341,597. ROW phase complete. The city advertised the project for construction on June 13, 2025, and bids closed on July 22, 2025. NGT Group, LLC., was awarded the construction contract at the September 17th, 2025, City Council meeting for \$4,222,270.40 plus a 10% contingency of \$422,227.04 for a total construction award of \$4644,497.44. *Under construction as of January 2026, and construction to be complete by summer 2027.

5. Completed Projects (15)

- **City of Atlanta-funded project (1)**

- **T-283.** A Culvert was replaced at the crossing of Loch Lomond Trail over Kimberly Creek. The City of Atlanta (COA) funded the installation of the culvert due to a COA water main break.

- **Federal/State-funded project *(3)**

- **T-280.** Oakley Road over Broadanax Creek bridge replacement. This GDOT-managed project includes sidewalks on both sides. Williams Contracting Company, LLC has the contract at \$1,992,985.75. The project is funded through ARC's Roadway/ Bridge Upgrade program with a GDOT let. The total cost is \$3,292,985.75 million, with \$50K in local funding. The detour lasted from June to November 2025. The new bridge opened to the public on Friday, November 21, 2025.
 - **Stacks FDR.** Full-depth Reclamation of Stacks Rd from Feldwood Rd to 1,000 feet west of Mallory Rd in District 5, with widening, paving, and striping. The project was awarded to Atlanta Paving and Concrete Construction, Inc., in an amount not to exceed \$688,506.90 plus 10% contingency for a total of \$757,357.59. The project closing cost was \$757,352 plus \$44,225 in CEI services. 2020 LMIG State Funds were used to fund this project. The project was completed on September 30, 2024.
 - **I-85/I-285 Ramp Resurfacing Project (PI M006489).** GDOT is resurfacing 22 ramps along the I-85/I-285 interchange in Fulton and Clayton Counties to improve pavement quality and enhance safety on these critical travel corridors. This project is especially significant for residents of the City of South Fulton, as it includes ramps in the southwestern quadrant of the interchange near Camp Creek Parkway, Washington Road, and Sullivan Road—key routes for local and regional travel. C.W. Matthews Contracting Co., Inc. was awarded the contract by GDOT for \$20,725,922. Construction is expected to continue through Fall 2025, with most activities taking place overnight between 9 p.m. and 5 a.m., and some occurring during weekends. travelers should anticipate periodic lane and ramp closures, detours, and occasional noise or lighting during nighttime work. Clearly marked detours will be in place, and GDOT recommends using Old National Highway or Buffington Road as alternate routes. Residents are encouraged to check 511ga.org or the GA 511 mobile app for the latest traffic updates. Once the project is complete, drivers can expect smoother travel surfaces, improved drainage, increased skid resistance, and safer, more durable ramps that enhance South Fulton's connectivity within the metro Atlanta transportation network. The project is substantially complete.
- **TSPLOST I Project (6)**
- **OSI-604.** Improvements to the Campbellton Rd at Stonewall Tell Rd intersection, including sidewalks, turn lanes, four streetlights, and a new traffic signal in Districts 1 and 2. CMC, Inc. was awarded the contract for \$3,174,180. The total is \$3,361,538. Greystone Power activated the signal and turned the streetlights on; a new alignment of Stonewall Tell Road is now in place. The construction part of the project came in under budget at \$2,917,114.04.

- **B-501.** Enon Rd over Camp Creek Tributary bridge replacement and sidewalks in District 1 were approved for construction and awarded to Baldwin Paving Co., Inc. for \$1,814,805.02. NTP was issued on January 24, 2024. The total cost is \$2,137,978.02. A groundbreaking ceremony was held in April 2024, and the ribbon-cutting ceremony was held in February 2025. The new culvert has been installed and is open to traffic.
- **PBI-900.** Sidewalks and streetlights along both sides of Danforth Rd, extending from Cascade Rd to Rehoboth Circle in District 1, are complete. CMC, Inc. has the contract for \$1,394,740. The total cost is \$1,770,551. Project completed on March 26, 2025
- **P-901.** Enon Rd sidewalks, along with streetlights on both sides, from Lynarbor Ln to Sanford J. Jones Blvd in District 2 is complete. AEI was the design firm. The contract was awarded to DAF Concrete, Inc. for \$3,583,350 with a 10% contingency. The total estimated cost is \$4.2 million. NTP was granted on March 28, 2024. A ribbon-cutting ceremony took place on April 17th, 2025.
- **OSI-602.** The Butner Rd at Union Rd intersection improvement project is complete. It includes streetlights, a roundabout to address congestion and reduce the severity of accidents at this intersection, as well as sidewalks and other improvements that impact Districts 2 and 3. SD and C completed construction for \$3,813,696. NTP was issued on January 22, 2024. The total cost was \$4,065,625. A ribbon-cutting ceremony was held on June 18, 2025.
- **OSI-614.** Rivertown Rd at Cedar Grove Rd intersection improvement, including a sidewalk and a roundabout in District 4, is complete. The construction phase was awarded at the October 10, 2023, City Council meeting to CMC, Inc. for \$2,786,641.10. The total cost is \$2,932,191.10. The Ribbon-cutting Ceremony occurred on Thursday, August 7th, 2025.

- **TSPLOST II Project (4)**

- **RC-127.** The Gullatt Rd full-depth reclamation project occurred from the I-85 bridge to McClarin Rd, next to the railroad tracks just before Roosevelt Highway. Gullatt Rd is partially in the City of South Fulton and partially in the City of Fairburn. An IGA was signed between both cities. The City of Fairburn awarded the construction project to Blount Construction. The City of South Fulton was responsible for 50% or \$337,306 of the construction cost (\$674,612) on the Gullatt Rd part of the project. The contractor completed the work within 180 days of the City of Fairburn's NTP on July 8th, 2024. The project was completed on November 15, 2024
- **T-276 (B-503).** Cochran Rd Bridge over Deep Creek replacement project in Districts 2 and 4. BRTU was awarded the contract for \$3,895,677.40 on September 26, 2023. The culvert was installed by the end of 2024, and the total cost, including design, was \$4,171,626.
- **TSPLOST II Resurfacing.** There were 63 resurfacing projects across the city, spanning all seven districts. The 3-phase Resurfacing Contract, which included corridors, subdivisions, and toppings, was approved for ER Snell for \$21,726,739.66. The resurfacing project started in March 2024 and was completed by August 2024. The City Council amended the contract on

May 13, 2025, through a project funding adjustment and amendment action, adding \$3,350,211.03 in funding, with a contingency of \$335,021, for a total amended amount of \$3,685,232.13. This action increased the total contract value not to exceed \$25,411,971.79. At the end of May 2025, the contractor was granted an NTP to finish repaving subdivisions from the original 2024 resurfacing list.

- **RS-417.** Full-depth Reclamation (Pavement Rehab) of 11 locations in the Fulton Industrial Blvd area in District 1 for 2.7 miles, and deep base repair was done where needed, along with milling and resurfacing. The project was awarded to Atlanta Paving and Concrete Contractors, Inc., for an amount not to exceed \$2,956,048.40, plus a 10% contingency, for a total of \$3,251,653.24. Within this contracted amount is \$1.84 million in Local Maintenance and Improvement Grant (LMIG) funds. Purchase orders were prepared, and an NTP was granted on November 14, 2024, for East Great Southwest Pkwy and Villanova Dr. The City Council amended the contract through a project funding adjustment and amendment action on May 13, 2025, to add \$585,600 in funding to complete the project. Another NTP was issued at the end of May 2025 for the remaining nine locations: Frederick Ct, Wharton Dr, Indeco Blvd, East Great Southwest Pkwy, Westgate Dr, Bucknell Ct, Villanova Dr, Loyola Dr, Fisk Dr, Greensboro Dr, and Waterfront Dr.

- **Capital Improvement Projects (1)**

- **T-284.** The Kimberly Rd at Cascade Rd intersection improvement projects will include a new traffic signal, repaving, sidewalk upgrades, and intersection striping. DCBC, LLC was awarded the contract for \$621,957.80, plus a 10% contingency for a total award of \$684,153.58. The total project cost, including design, is \$740,553.58. The project is substantially complete.

PUBLIC WORKS Monthly

Pretreatment (Application of Sand and Calcium Chloride) of bridge on Welcome All Road

One Department * One Mission * One Team

DEPARTMENT OF PUBLIC WORKS

Antonio M. Valenzuela, Director

Jim Martinez, Deputy Director

INTRODUCTION

The Public Works Department is pleased to release the Project Updates Report for the various divisions- Planning, Capital, TSPLOST, and Engineering, Construction Operations and Maintenance, Traffic Operations & Maintenance, and Solid Waste.

The report is a reference document for all active projects in the City of South Fulton that are in various stages of implementation that include procurement, design, right-of-way acquisition, construction, and maintenance. Also, it outlines other standalone activities/programs, i.e., streetlights, utilities, and traffic calming.

The document is broken into four sections as outlined below:

- SeeClickFix allows residents and business owners to provide City of South Fulton staff with pictures, specific descriptions, and other valuable information needed to get the job done efficiently.
- The Transportation Section contains information related to Construction Operations & Maintenance, Traffic Operations & Maintenance, and Utilities. A summary of the Capital Improvement (CIP) and TSPLOST projects is included; however, the fact sheets are omitted from this report. Instead, the department launched a web-based real time project reporting tool using this [link](#) available on the Public Works homepage.
- The Stormwater Section briefed the reader on the conditions of the infrastructure, and maintenance needs.
- The Solid Waste section updates the reader on the residential collection program in the city.

SeeClickFix

The City of South Fulton (COSF) 311 platform provides City officials with a centralized issue management system to manage issues from creation to resolution, engaging City of South Fulton residents throughout the process. The COSF mobile app and web tools enable residents and business owners to provide City of South Fulton staff with pictures, detailed descriptions, and other valuable information necessary to complete the job efficiently. Additionally, residents can obtain information about city services or report non-emergency incidents by calling the city's **24-hour 311 Call Center at (470) 552-4311**.

Capital/TSPLOST

CAPITAL AND T-SPLOST TRANSPORTATION UPDATES

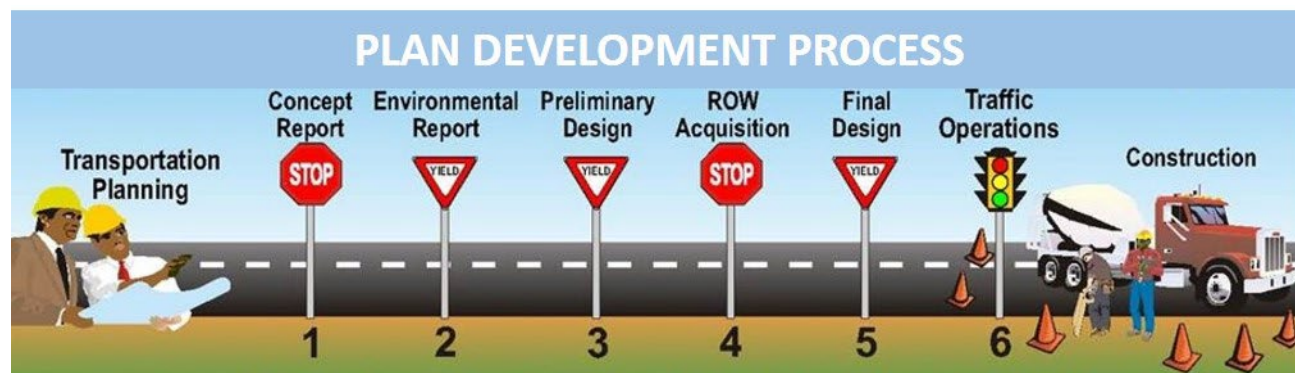

The City of South Fulton has a Capital and TSPLOST Program for implementing design projects that have been identified by City staff and stakeholders as a priority. Funding comes from the General Fund, TSPLOST sales tax collections and some Federal money.

TSPLOST-I tax collections started on April 1, 2017, and ended on March 31, 2022. TSPLOST-II tax collections started on April 1, 2022, and will end in 2027. TSPLOST-I projects are being prioritized for completion, and all TSPLOST-II projects are in the concept or preliminary design stages.

The delivery of projects is centered around GDOT's Plan Development Process (PDP). This process typically consists of the four major phases: Design, Environmental Clearance, Right-of-Way (Services and Acquisition) and Construction (including CEI). Additional details of these phases are depicted below, which detail the project development process utilized by Public Works.

The plan development process, start to finish, is illustrated below:

TSPLOST I: Projects moving toward Construction

- OSI-617 – Welcome All at Jaillette Road – Utility certification is complete. The ITB is being prepared for advertising ITB.
- B-500/OSI-601 Butner Road at Camp Creek (bridge replacement and intersection improvement) – Final plans complete, utility coordination and ROW acquisition continue in advance of advertisement in the spring of 2026.
- OSI-700 – Flat Shoals Road Signal Upgrades & ATMS – Construction kickoff meeting held on Feb 2, 2026.

Projects in Right-of-Way (ROW) Acquisition

- OSI-616 – Jones Road at Pittman Road/Stonewall Tell Road (TSPLOST-I) – Continuing in ROW Acquisition and final utility coordination before advertisement.
- OSI-618 – Welcome All Road at Scarborough Road/Jailette Road (TSPLOST-I) – Continuing in ROW Acquisition and final utility coordination before advertisement.
- T-270 – Demooney over Deep Creek (Capital Design/T-SPLOST-II Construction) – Continuing in ROW Acquisition before advertisement.
- OSI 607 – Demooney Road at West Stubbs Road (TSPLOST-I) – Continuing in ROW Acquisition before advertisement.
- OSI 608 – Enon Road at Stonewall Tell Road (TSPLOST-I Design/T-SPLOST-II Construction) – Continuing in ROW Acquisition before advertisement.

TSPLOST II: Projects in concept/design

Intersection Improvement projects

- OSI-620 – Aldredge Road and Merk Road – Preliminary plans have been reviewed. A field plan review being scheduled for early 2026.
- OSI-629 – Ono Road/Hobgood Road at Rivertown Road – Preliminary plans have been submitted. A field plan review being scheduled for early 2026.
- OSI-631 – Union Road and Thames Road – Preliminary plans have been submitted. A field plan review being scheduled for early 2026.
- OSI 600 – Bethsaida Road at Creel/West Roads – Preliminary plans being finalized for review.
- OSI 622 – Bethlehem Road at Cedar Grove Road – Preliminary design is ongoing.
- OSI 623 – Butner Road at Aldredge Road – Concept in further revision.
- OSI 628 – Old Fairburn Road at Thaxton Road – Additional Public Meeting being scheduled for early 2026.

Sidewalk projects

- P-914 – Union Road – Preliminary design is ongoing.
- P 902 – Bethsaida Road – Preliminary plans being finalized.
- P 903 – Cascade Road – Continuing in the concept development phase.
- P 908 – Flat Shoals Road – Continuing in the concept development phase.
- P 910 – Jerome Road – Continuing in the concept development phase.
- P 906 – Welcome All Road – Survey field work started December 2025, concept to start after survey database is complete.
- P 911 – Merk Road – Survey field work to start following Welcome All Road, concept to start after survey database is complete.

Bridge/Culvert Replacement projects

- T-288 – Stacks Road over CSX RR – Continuing work on preliminary design before a field plan review is scheduled.
- B-505 – Derrick Road over Deep Creek Tributary – Preliminary design is underway.
- B-508 – Koweta Road over Deep Creek – Preliminary design is underway.

- B-599 – Oglesby Road over Morning Creek Tributary – Project is in fast design phase. The project is being accelerated for an emergency quick response.

Federally Funded Projects

- T-265 – Old National Highway Sidewalks – Construction contract awarded to SD&C, Notice to Proceed from GDOT expected to receive in February 2026.
- T-266 – New Hope Road Sidewalks – Construction is ongoing.
- T-277 – Cochran Road over Camp Creek (Bridge) – Construction is ongoing.

Gravel Road projects

- RG 160 – Jones Road – Preliminary design ongoing.
- RG 161 – Hall Road – Preliminary design ongoing.
- RG 162 – Rocky Head Road – Preliminary design ongoing.
- RG 163 – Thames Road – Preliminary design ongoing.
- RG 164 – Oxford Road – Preliminary design ongoing.

Bridge Repairs and Maintenance – Work is nearing completion on three bridges from the 2021 GDOT bridge repair set. Two of these (Mallory and Cascade) are in coordination with the CSX railroad before repairs can be completed. One bridge (Burdett) will require a wing wall repairs which are recommended for ITB. All 2023 GDOT bridge work is complete.

GDOT Projects within South Fulton

- PI0011845/OSI-624: SR 14 at Washington Road – Roundabout construction continues with a projected completion in the spring 2026.
- PI0013948 & PI0013939/T-272 & T-273: Buffington Road Projects – Under construction. Projected completion in the fall of 2026.
- PI0016605/B-502: Bethsaida Rd (CR 581) over Morning Creek – Construction is underway with R/W clearing activities, scheduled completion Spring 2028.
- PI0015593/T-285: SR 92 @ Butner Rd/Ridge Rd Roundabout – Under construction with R/W clearing activities, scheduled completion Fall 2027.
- PI0017398/OSI-605: SR 92 @ Jones Road/Demooney Road Roundabout – Environmental Document is underway.
- PI0019647: FIB and Westpark – Median conversion and R-CUT – Preliminary plans have been completed. A PIOH Meeting is pending.
- PI0019841: SR 138 at Bethsaida Road Roundabout – Project needs additional safety funds.
- PI0013809: SR 14 / US 29 @ CSX Bridge Replacement – Under construction, with drainage, utility relocation and grading activities. Forecasted completion Fall 2027.
- PI0013724: SR 279 starting at Jolly Road to Sullivan Road – Construction completed Jan 2026.
- M006470: SR 154 from SR 70 TO I-285 Resurfacing – Contractor to start work Feb. 2026, scheduled completion late summer 2026.

MONTHLY PROGRESS REPORT

Scope of Work Performed This Month

Work items performed between the monthly report dates detailed above:

- Stage 1 road closure of Union Rd in effect. The detour route follows Butner Road to Pittman
- * Road SW to Stonewall Tell Road to navigate the closure. Reopen date projected to 5/12/2026 due to utility relocations and conflict with water main
- * Grading STA 22+00 RT so AGL can access the area to continue utility relocations
- * Installation of 20 feet of 24" and 369 feet of 18" storm drain pipe and 7 drainage structures on Union Rd SW and Old Fairburn Rd
- * Installation of temporary down drain pipe STA 99+45 LT on Union Rd SW to alleviate water ponding due to existing conditions.
- * City of Atlanta water main found to be in conflict with proposed roadway elevation on Union Rd SW. Redesign completed to add relocation of water main to scope of project

Progress and Schedule

The Physical Project Status is 51% completed as of the period ending date above.

The targeted Project Schedule Status was predicted to be 81% as of the period ending date above.

Scope of Work Planned For Next Month

- * Utility relocations for Atlanta Gas Light and Greystone Power. Greystone to stake proposed pole locations
- * Construction of the roundabout at Union Rd and Old Fairburn Rd intersection. Stage 1 will still utilize the existing Old Fairburn Rd tie in at Union Rd.
- * Removing encountered rock within existing subgrade to reach the proposed grade for the roadway
- Submission and review of change order to include City of Atlanta water main relocation to
- * scope of project. This work will clear a conflict with the water main and proposed final grade for the Union Rd SW and Old Fairburn Rd roundabout

Scope of Work Performed This Month

Work items performed between the monthly report dates detailed above:

- Grading complete for curb & gutter, sidewalk, colored concrete stamp, median and islands from stations 145+60 – 146+64 and stations 48+00 – 50+00.
- Asphalt paving completed from station 140 +00 to 153+00 with temporary striping.
- Traffic signal installation and power completed. Pedestrian pole footings installed. Existing traffic signal poles removed.

Progress and Schedule

- The Physical Project Status is 46% completed as of the period ending date above.
- The targeted Project Schedule Status was predicted to be 50% as of the period ending date above.
- Delays with relocating poles with AT&T Teleport at Cascade Rd are being addressed with a relocation proposal.
- Continued delays due to GA Power (Pike) needing to acquire easement for pole relocation near bridge, timeline has not been provided yet.
- Delays due to discrepancy between COA Watershed and sub-contractor T&J regarding means and methods of piping, bends, thrust blocks, etc. have been resolved as of 1/22/26.

Next Tasks Up

- Continuing traffic control.
- Continuing installing islands and medians at 148+77 to 150+80
- Continuing sidewalk and colored concrete stamping.
- Continuing installing waterline and thrust to pipe line.

Construction Operations & Maintenance

Right of Way Maintenance is required to provide safe and multi-use roadsides. A well-maintained right of way promotes a positive quality of life and is integral to the other functions such as utility installations, vehicle emergencies and sign placements. Right of way Maintenance serves to maintain a safe zone adjacent to the road pavement, improves drainage of stormwater from the road surface, and creates an attractive vista along road corridors. Accomplishments this month include:

Traffic Engineering, Operations & Maintenance

City of South Fulton Public Works Department TRAFFIC OPERATIONS

The Traffic Operations Crew is on constant patrol in the City of South Fulton to ensure that all signs and signals are clear to see and work properly. This consists of approximately 35,000 static signs, 69 Traffic Signals, 14 Traffic Beacons, 40 School Flashers and numerous Solar Flashing signs.

The following is what each category is used for and what they represent.

- **Sign – Other Sign Down/Missing** is used for missing signs, installing new signs, replacing or upgrading signs. If there are other signs on that post, the crew will clean them.
- **Sign – Preventative Maintenance** is used for the cleaning and straightening of signs.
- **Sign - Stop/Yield Sign Down/Missing** is used for responding to or finding STOP signs or YIELD signs that have been knocked down or are missing. This category is responded to as an emergency.
- **Signal - In Flash or Dark** is used to let us know that the traffic signal is flashing all RED lights, or no lights are visible. This category is responded to as an emergency.
- **Signal - Other Issues** is used to let us know if there are any other problems with the Traffic Signal; this can include a LED bulb not working, if the crosswalk is being problematic, or the signal not changing.

This month, the Traffic Operations Department acquired 171 new requests and closed 158.

The following is a summary of SeeClickFix requests, along with Categories that Traffic Operations **responded to and completed** this past month.

Examples of work completed this past month are highlighted in Exhibit A.

Signal – In Flash or Dark: 8

TRAFFIC OPERATIONS

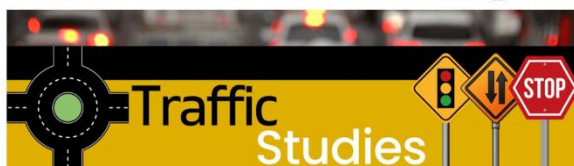

CLEANING SIGNS THROUGHOUT THE CITY

REPAIRING SIGNS

Traffic studies are conducted based on the evaluation of day-to-day traffic concerns and considering requests from the residents in the City of South Fulton. Recommendations are made for the installation of traffic control and traffic calming devices. Types of traffic studies include All-Way Stop Warrant Studies, Traffic Signal Warrant Studies, and Traffic Calming Studies. These studies follow the federal Manual on Uniform Traffic Control Devices (MUTCD) standards and Georgia Department of Transportation (GDOT) standards. The goal of these studies is to improve the mobility, safety, and capacity of the city's infrastructure.

Traffic Studies Completed – January 2026

1. Boat Rock Road at Reynolds Road - Traffic Engineering Study

During the week of January 19, 2026, staff completed an All-Way Stop Control (AWSC) warrant study for the intersection of Boat Rock Road and Reynolds Road. The evaluation found that current traffic volumes fall below the thresholds established in the Manual on Uniform Traffic Control Devices (MUTCD) for installing an AWSC. Based on these results, staff determined that All-Way Stop Control is not warranted at this time and does not recommend installation.

2. Cascade Hills Subdivision – Traffic Engineering Study

The Public Works Department received a petition requesting traffic calming measures along Cascade Hills Circle, Cascade Hills Drive, and Cascade Hills Lane within the Cascade Hills subdivision. In response, staff initiated a traffic engineering study and ordered traffic counts to evaluate the extent of speeding in the area. The results of this study will guide the identification of appropriate traffic calming measures that can be implemented to address the documented speeding concerns.

3. Oakhurst Glen Subdivision – Traffic Engineering Study

The Public Works Department received a petition requesting traffic calming measures along Montberry Lane, Oakhurst Drive, Bleusparrow Drive, Jennadee Drive, and Merrigold Way within the Oakhurst Glen subdivision. In response, staff initiated a traffic engineering study and ordered traffic counts to assess the extent of speeding in the area. The findings from this study will inform the selection of appropriate traffic calming measures that can be implemented to address the identified speeding concerns.

Stormwater

I. Stormwater Operations & Maintenance Report

Completed Maintenance

Structural repairs to all storm inlets in Walden Park subdivision are in progress. Storm pipe repairs on Bluestone Drive (pipe replacement, sidewalk and asphalt repairs) are complete. Crews also corrected multiple flooding issues due to blocked storm lines by completing closed-circuit television (CCTV) inspections and **heavy cleaning (sediment, trash, and root intrusion removal) of approximately 400 feet of storm pipe on Selig Drive, Patton Drive, and Washington Road.**

Field Inspections

For January field evaluations, staff identified **10 high priority storm system repairs** to restore drainage capacity and reduce localized flooding risks. Site evaluations were focused in District 4 and 1. Recommended work orders focus primarily on structural repairs due to damage from vehicle traffic, sediment/debris removal, curb/gutter repairs, and trenchless repairs of damaged pipe using cured in place pipe technology. **The estimated project cost for all 10 projects, based on current contractor's unit price contracts, is approximately \$60,700.**

Street Name	Subdivision	District	Work Orders	#Structures	LENGTH (FT)	COST (\$)
Patton Dr	NA	1	1		150	\$32,700.00
Sky Leaf Ln	Legacy at Cedar Grove	4	1	1		\$2,500.00
HOBGOOD RD	N/A	4	2	2		\$5,000.00
Hill Rock Ln	Riverwalk Trace	4	1	1		\$2,500.00
Phillip Lee Dr Sw	NA	1	4	4		\$10,000.00
Selig Dr	N/A	1	1	1		\$8,000.00
		TOTAL	10		150	\$60,700.00

Next Steps

- Continue on-site evaluation and prioritization of CCTV/cleaning and top-slab replacement of high priority structures per Storm-Sidewalk Action Plan for FY 2025-26.
- Continued repairs - damaged storm repairs in Walden Park subdivision
- Conduct engineering analysis, secure estimates, mobilize on debris removal, sinkhole repairs, and resetting of curb inlets for Village Drive culvert.

II. Sidewalk Operations and Maintenance Report

Completed Maintenance

Concrete sidewalk evaluation and hazard abatement is ongoing in the Walden Park Subdivision to address trip hazards and improve ADA compliance. As of January 2026, **field crews completed approximately 1,300 linear feet (593 square yards) of sidewalk repairs.** Approximately 1,100 linear feet of repairs remain before work in the subdivision is complete.

Field Inspections

Staff evaluated and identified **13 high priority sidewalk repairs in District 4**. Project scope is focused on larger continuous runs to maximize linear production and crew efficiency. Panels will be replaced to remove vertical displacements and surface failures; cross-slope and landing areas were field-checked to align with ADA intent.

Street Name	Subdivision	District	Work Orders	LENGTH (FT)	AREA (SQ-YD)	TOTAL COST
Spoletto Loop	Legacy at Cedar Grove	4	8	116	51.6	\$4,640.00
DELAWARE BEND	Rivertown Mill	4	1	7	3.9	\$350.00
Paris Cv	Parks at Cedar Grove	4	1	7	3.9	\$350.00
Saint Isaac Ct	Parks at Cedar Grove	4	1	5	2.8	\$250.00
Saint Mark Way	Parks at Cedar Grove	4	1	13	7.2	\$650.00
Saint Jude Dr	Parks at Cedar Grove	4	1	6	3.3	\$300.00
		TOTAL	13	154	73	\$6,540.00

Next Steps

- Continue repairs in Walden Park subdivision. Mobilize to Cedar Grove subdivision upon completion.
- Review the First Steps (2025) Pavement/Sidewalk Inventory and Assessment dataset and classify inventory results into a comprehensive GIS map for field evaluations and maintenance updates.

Streetlights

City of South Fulton Public Works Department

STREETLIGHTS

The Streetlight Program was established to address the need for adequate illumination of public streets or roadways within the City of South Fulton. The goal is to aid in the safety and systematic movement of vehicular traffic within the public travel roadway. Lighting on roadways is not provided for personal security, such as lighting of yards, driveways, or private property. In-house staff assesses requests from residents, conducts field visits and works with power companies to address inquiries about new lights, repairs, and upgrades.

Last year, Mayor and Council approved a resolution adopting the Streetlight Masterplan. The masterplan provides options for street and pedestrian light poles, styles, spacing, lighting technology and control, and appropriate lighting levels for various locations such as state roads, arterials minor residential streets, major street corridors including those with existing and proposed bike lanes, controlled intersections, roundabouts, uncontrolled pedestrian crossings, transit station street areas, and parks.

The department is finalizing a priority list to install and/or upgrade streetlights on all corridors with proposed and existing sidewalks, State routes, and intersections. All sidewalk projects will also include pedestrian lights. Upon completion, staff will meet with the power companies to draft an implementation plan that will include costs and schedules.

Requests for streetlights- new and upgrades- received to date are detailed in Exhibit A.

STREETLIGHT INQUIRY/APPROVED LOG

YEAR TO DATE

EXHIBIT A

Date	Request type/ Description	Location/	Number of lights	Upfront Cost	Monthly Cost to City	To Be funded from	Note
	Install 246 Decorative Black Yole poles with 101-Watt LED Post Top Fixtures	New Hope Road, from Danforth Rd to Campbellton Road				Streetlight General Funds	TBD

Utilities

UTILITY PERMITS

The purpose of utility permits is to help the City of South Fulton staff track and manage construction operations more efficiently. Each utility permit contains a unique reference number, special requirements before/during operation, procedures, and contact information in case of emergencies. All this information is essential when dealing with construction operations in our Right of Way.

Permits	Locations	Scope of Work	Status
RWEP (25)-01	1928 Waycrest Dr	Directional bore and pull buried fiber cable thru existing conduit and place a new handhole.	Hasn't Started
RWEP(25)-02	4600 Frederick Dr Sw	Comcast is to excavate and install 65' new 24-count fiber to be pulled through new 2" conduit within the row of Frederick Dr SW to provide service to 4600 Frederick DR SW	In Progress
RWEP(25)-03	1010 Carlo Woods Dr SW, Atlanta, GA 30331	Directional bore 58' of 1/2" pls svc at a minimum 48" depth across Carlo Woods Dr SW for a new service.	Hasn't Started
RWEP(25)-04	6001 Plummer Rd SW South Fulton, Ga 30331	Clear trees and build a pad for a small distribution substation.	Complete
RWEP(25)-05-Extension	From the city limits on Bakers Ferry Rd to Mendel Dr to Selig Dr and ending at the GDOT right-of-way	Install approximately 10,225ft of HDPE duct by directional bore and trench as shown on drawings. Install 12-handholes flush with existing grade. Install 1-1728ct FOC through proposed conduit.	In Progress
RWEP(25)-06-Extension	Great Southwest Pkwy Fulton Industrial Pkwy/SR-70 to Villanova Dr	Install approximately 7579ft of HDPE duct by directional bore and trench as shown on drawings. Install 9-handholes flush with existing grade. Install 1-1728ct FOC through proposed conduits.	In Progress
RWEP(25)-07	5200 Phillip Lee Dr. S.W. Atlanta, GA 30331	Comcast is to bore and install a total of 147' .625 coaxial cable in new 2" conduit in existing row, then continue construction on to private property to service 5200 Phillip Lee Dr Sw	In Progress

RWEP(26)-30	4389 Comfort Trl	Comcast is to excavate, bore, & install 213' of new 0.625" ug coax cable to be pulled through new 2" conduit within the ROW of Comfort Trl to replace existing damaged cable.	Hasn't Started

Solid Waste

Solid Waste Group Purpose and Responsibilities

The City of South Fulton Solid Waste Group is committed to overseeing and regulating all solid waste services within the city limits. These services include residential solid waste collection, bulk item pickup, commercial services, convenience can management and education.

Residential Services

Requests for Service

Residential services include weekly garbage collection and monthly bulk pickup. In January, service requests increased for extra cart requests and continued to decrease for New Service. Bulk service requests also increase as residents prepared for a New beginning with disposing items but overall requests still remain low compared to November.

Requests for Service				YTD
Item	Nov	Dec	Jan	
Back Door Service	5	2	7	102
Extra Cart Request	39	27	57	557
New Construction-Add New Service	56	48	47	616
Bulk Scheduled Service Requests	327	211	281	3,763
Totals	427	288	382	5,028

Source: TracEZ

Service Complaints

In January, complaints rose following weather delays. Missed curbside decreased over the past 2 months along with damage carts.

Service Complaints				YTD
Item	Nov	Dec	Jan	
Missed Bulk	7	5	7	72
Damaged Cart - Repair or Replace	56	35	59	615
Missed Curbside Garbage	166	130	148	2,050
Waste Administration - Spills / Litter	2	1	2	22
Totals	231	171	216	2,759

Source: TracEZ

Deliveries and Maintenance

In January, New Construction homes added to the system remain average, still showing a growth in residential service expansion. Replaced Carts increased to 33 after increasing from December, while Repaired Carts showed a slight increase. Convenience Can service and Recycling Container service remained stable, continuing to provide reliable support.

Services Performed by the Solid Waste Team				YTD
Item	Nov	Dec	Jan	
New Construction Homes	29	48	47	544
Replaced Carts	13	22	33	462
Repaired Carts	35	35	44	504
Convenience Can Servicing	158	N/A	141	427
Recycling Container Service	36	N/A	12	60
Totals	271	N/A	277	1,997

January 17th District 3 Food Distribution and Shredding Event at Welcome All Park.

Merk Miles Citizens Convenience Center

The City of South Fulton operates the Merk Miles Citizens Convenience Center through a third-party vendor. This facility accepts Municipal Solid Waste (MSW), Construction Debris (C&D) and recycling. Data is reported through December 2025. The total number of vehicles serviced and collected material by weight continues to grow.

Merk Miles Recycling & Municipal Solid Waste Activity				
Recycling Activities	Oct	Nov	Dec	YTD
Total Number of Recyclers	697	696	823	9,487
Recycling Collected (Tons)	7	11	11	191
MSW Collection Activities				
	Oct	Nov	Dec	YTD
Total Number of Vehicles Serviced	1,831	1,826	2,149	24,121
Total Solid Waste Collected (Tons)	224.95	274.01	278.17	3,071.17

Events and Activities

Community Engagement & Education

Solid Waste helped with January 17th District 3 Food Distribution and Shredding Event at Welcome All Park. 148 residents brought materials to be shredded.

Looking ahead, the team will participate in upcoming events, including the

- District 2 Recycling and Shredding Event on February 7th at Wolf Creek Library
- District 5 Recycling and Shredding Event February 21st at Burdette Tennis Center
- District 3 Black History Month Paper Shredding Event February 28th at Welcome All Park

WAY AHEAD

VISION STATEMENT

The City of South Fulton envisions a safe, inclusive, and forward-thinking community that champions sustainability, economic growth, and holistic well-being for all. **Through improved access to healthcare, walkable neighborhoods, healthy foods, abundant recreational and gathering spaces, and economic opportunities the City aims to support the physical and mental health of its residents.** By promoting vibrant mixed-use developments with family-friendly amenities, South Fulton is committed to keeping resources and spending within the community—building a healthier, more connected, and prosperous future for all.

VISION – THE BLUE ZONE

MAJOR UPDATES/ CHANGES

City of South Fulton
Comprehensive Plan Update

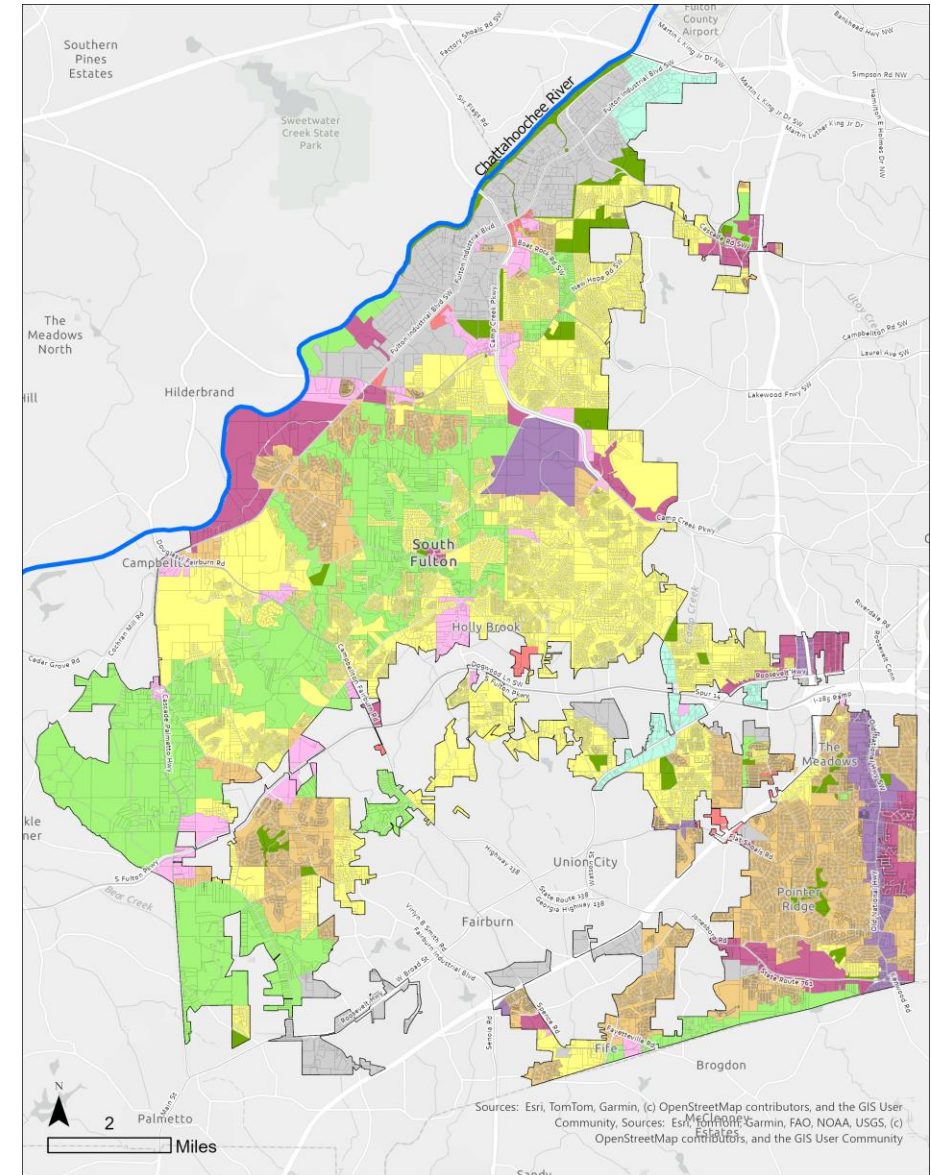

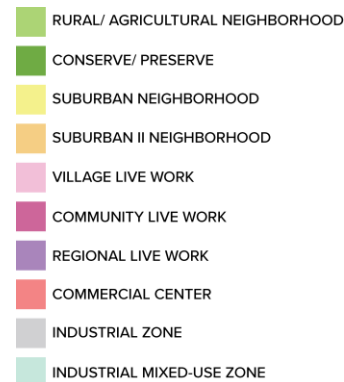

- **Redesigned Document for Easier Readability**
- **Updated Vision Statement and Goals**
- **New Goal Categories**
 - Community Communication and Coordination
 - Infrastructure and Facilities
- **Inclusion of Policies for each Element**
- **Future Land Use Map (FLUM) Parcel by parcel**
- **Addition of Character Area Map**
- **CWP Updated**
 - Separated by Individual Departments

FUTURE LAND USE MAP (FLUM) - 2026

City of South Fulton
Comprehensive Plan Update

- **Parcel by Parcel Review**
- **Agriculture and Rural Combined** – intent to retain the rural character of the city
- **Cluster Mixed-Use Developments** – at major intersections
- **Reflect Recent Zoning Changes on FLUM**
- **Balance Residential Densities**
- **Conserve/ Preserve Category Added** – parks and ecological areas
- **Industrial Mixed-Use Category Added**
- **Densities Updated** – higher density for live-work categories

FLUM CATEGORIES - PROPOSED

City of South Fulton

CHARACTER AREA MAP

City of South Fulton
Comprehensive Plan Update

- **Entertainment Center**

- Regional draw supporting day-to-night activity and multimodal accessibility

- **Agri Business**

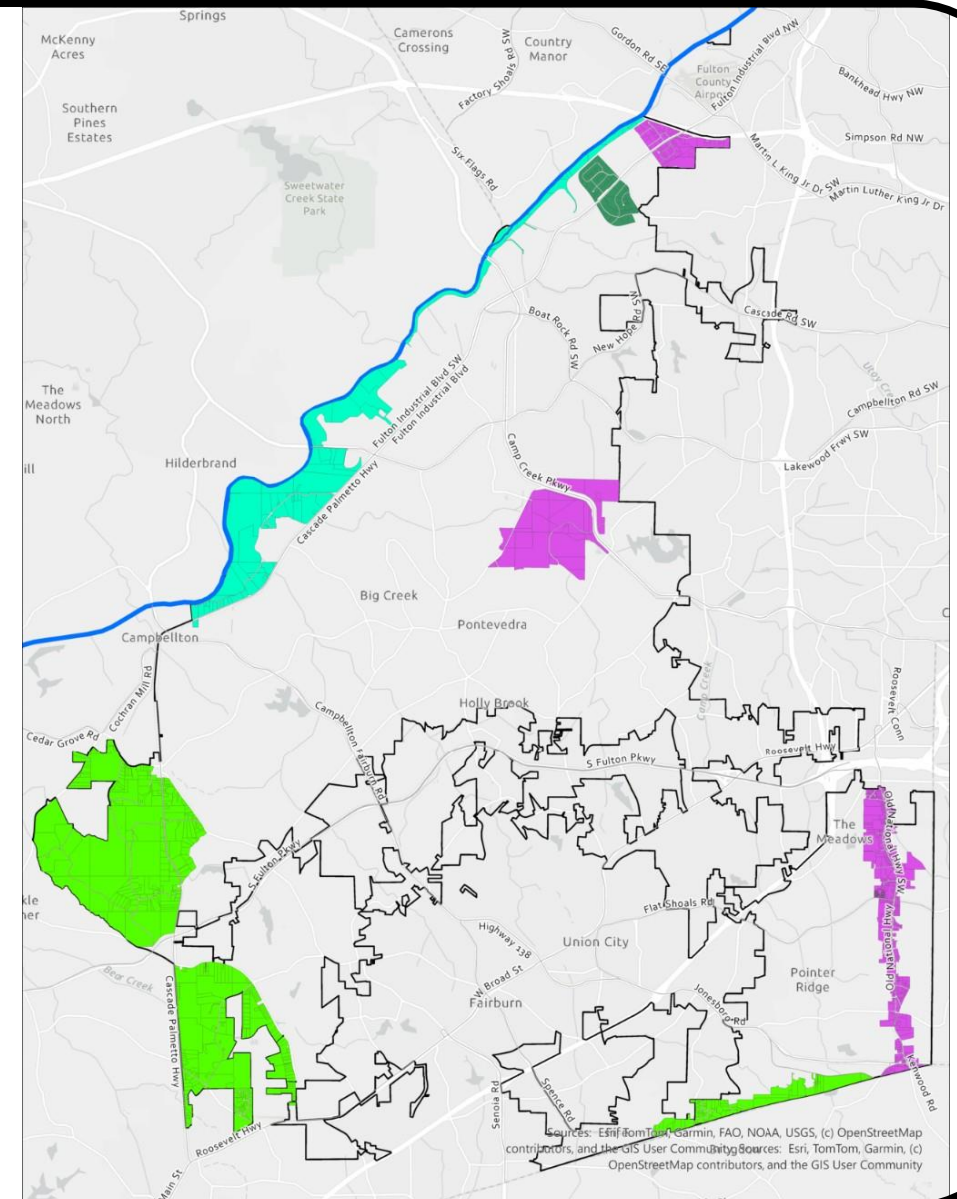

- To support and expand agricultural-based economic activity, integrating traditional farming, and agritourism.

- **Innovative Studios and Production**

- Creative production district supporting film, television, streaming, media, and allied industries.

- **Riverfront Development**

- Create a vibrant, accessible, and resilient destination that integrates public space, mixed-use development, natural systems, and cultural activity.

NEXT STEPS

Council to send plans to ARC

- ~~*Planning Commission Hearing – September 16, 2025*~~
- ~~*Council Meeting (Public Hearing) – October 14, 2025*~~
- *Council Work Session – February 10, 2026*
- *Council Meeting (Public Hearing, Voting) – February 24, 2026*
- *Request that Council Signs and Sends Review Letter to ARC*

Comprehensive Plan Adoption Dates

- *Council Meeting (Adoption) – April 14, 2026*
