CITY OF SOUTH FULTON

Greetings, Honorable Mayor and City Council Members,

As we transition from the warmth of summer to the start of a new school year, we remained cool-headed, focused, and committed to moving the City's work forward with purpose and momentum, even though August brought several days with temperatures exceeding 100 degrees.

The City of South Fulton remains committed to supporting a safe, vibrant, and thriving community by advancing initiatives that improve quality of life, strengthen public services, and foster meaningful connections with residents.

Throughout August, the City focused on preparations for the FY 2027 budget while continuing to prioritize employee engagement and awareness of available benefits. The Human Resources Department hosted benefits fairs and informational sessions, giving employees opportunities to ask questions, learn about plan updates, and explore additional resources.

To further support employee communication and ensure staff receive timely, accessible information, we prepared a video message highlighting key changes and new benefits. Most notably, despite rising healthcare costs nationwide, employees will not experience an increase in their medical benefit costs! Employees will also incur **zero out-of-pocket costs for radiology services**—including MRIs, CT scans, ultrasounds, and other advanced imaging—when using a preferred medical provider.

Additionally, employees will have access to **Hinge Health**, a digital physical therapy and care program that provides convenient support for musculoskeletal health. The City has also increased the maximum benefit available under voluntary life insurance, enabling employees to obtain additional coverage without medical underwriting and at a reduced cost. These enhancements reflect the City's continued commitment to offering competitive benefits and supporting the overall health, quality of life, and financial well-being of our employees, because their well-being matters.

I am also pleased to share that Chief Financial Officer Althea Philord-Bradley and I hosted three **FY27 Budget Conversations** at locations throughout the City. These community-focused sessions provided residents with opportunities to ask questions, share feedback, and gain a clearer, more transparent understanding of the City's FY 2027 budget process.

The Budget Conversations also gave residents a front-row view of the City's vision for the future, including upcoming projects and priorities outlined in the City's **10-Year Capital Improvement Plan**. Engaging directly with residents throughout the budget process reinforces our commitment to transparency, meaningful community participation, and ensuring residents understand how the City is investing in South Fulton's future.

On August 20, I was honored to serve as a special guest at Councilwoman Latonya "Toni" Wright's **"Tea with Toni,"** alongside City staff and fellow City leaders. The event provided a meaningful opportunity to connect with residents, engage in thoughtful conversation, share updates concerning District 3, and strengthen relationships between the community and its elected and appointed leadership.

This month, **"Real Talk with the City Manager"** continued to provide employees working in the City Administration Building with direct access to leadership and an open, candid conversation. These sessions create a safe and welcoming space for employees to ask questions, share ideas, learn about City initiatives, and hear directly from me about matters affecting their work and the organization.

To close out the month, I was honored to co-host an **Atlanta Regional Commission (ARC)** meeting and luncheon at the City Administration Building in my capacity as the **District 3 (West) Georgia City-County Management Association (GCCMA) Director** nominee. The gathering provided a valuable opportunity for community partners, regional leaders, and City department heads to network, exchange perspectives, and engage in meaningful dialogue on **"Data Center Trends Across Metro Atlanta and Considerations for Local Communities."**

The discussion explored the opportunities and challenges associated with data center development, including infrastructure demands, economic development, community impact, and long-term planning. Bringing regional partners and local leaders together for conversations such as these strengthens collaboration and helps position the City of South Fulton to thoughtfully evaluate emerging trends and their potential impact on our community.

As we move into September, we remain focused on responsible planning, employee well-being, regional collaboration, and meaningful engagement with the residents we are privileged to serve.

Mayor and Council, thank you for your continued support and for trusting us to oversee and manage the city's affairs. Please accept this report as a summary of the city's successful outcomes for August 2026.

Sharon D. Subadan, ICMA-CM, MPS, CPM
City Manager

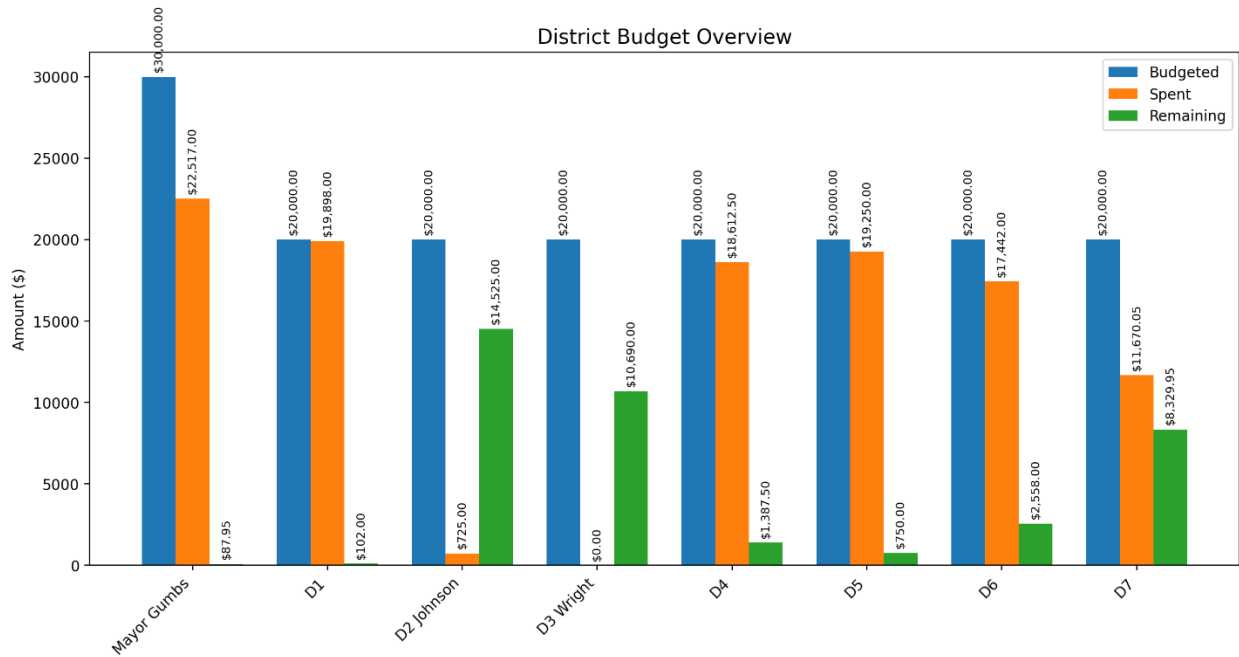

MAYOR & COUNCIL

Internal Audit Report

	Audit Sections	Benefit to City	Status/Planned Start Date
1	Purchase Card Transactions For Elected Officials	Reviewed the monthly purchase card transactions for all elected officials for the months of January 2026, February 2026, March 2026, April 2026, May 2026, June 2026 and July 2026.	Complete
2	Purchase Card Standard Operating Procedures (SOP)	Reviewed the purchase card SOP to ensure it aligns with the newly approved purchase card policy.	Complete
3	Purchase Card Transactions For Elected Officials – Former Council Members	At the City Manager's request, we reviewed various P-Card transactions for a former council member.	Complete
4	Purchase Card Transactions For Elected Officials	Currently reviewing the monthly purchase card transactions for all elected officials for August 2026.	10% complete, with expected completion scheduled for on or before September 20, 2026
5	Accounts Payable - Prenote	Currently performing audit procedures that look into the possibility of incorporating this process into the city's vendor payment process to increase effectiveness and efficiency.	90% complete, with expected completion scheduled for late August 2026
6	Accounts Payable - Timeliness of Payments	Currently performing audit procedures to assess the timeliness of vendor payments and any barriers to making prompt payments to vendors.	95% complete, with expected completion scheduled for late August 2026
7	Payroll Audit	This performance audit will ensure adequate controls are in place surrounding the payroll process.	5% complete; we have started the preliminary engagement planning and with expected completion scheduled for mid-to late October

Purchasing Card (P-Card) Report

Purchasing Card (P-Card) Program

The P-Card program shows improvement, demonstrating responsible use of public funds and adherence to controls. Most exceptions were administrative, offering chances to boost accountability, efficiency, and compliance in future cycles.

Opportunities include improving documentation and preventing sales tax errors before month-end. Reducing sales tax charges can be achieved by encouraging cardholders to use City accounts with tax-exempt status and ensuring the tax-exemption certificate is accessible. Cardholders should verify tax-exempt status with vendors, recover wrongly charged taxes, and document the process during reconciliation. The Procurement Department is also working with the card provider to issue physical cards marking the City as tax-exempt.

Exceptions found were mainly administrative and documentation issues. They were correctable and did not suggest improper spending, fund misuse, or fraud in the reviewed transactions and documents.

The main risks of these exceptions are higher audit exposure, delays in month-end reconciliation, and increased workload for Finance. Although current findings don't show major financial control issues, repeated deficiencies could raise operational and compliance risks. Following procedures, timely documentation, and corrective actions will improve controls and prevent recurring exceptions.

The Procurement Department aims to improve compliance by prioritizing complete documentation and sales tax as process improvements and working with cardholders to reinforce tax-exempt purchasing.

Compliance Overview

Month	Compliance Rate	
February	99%	88%
March	98%	86%
April	99%	80%
May	93%	77%
June	95%	85%
July	98%	82%

NOTES:

General Fund Summary Revenues:

Property Taxes collected as of July 2026 were \$63.854 million (101.5% of the \$62.92 million FY2026 budget) compared to \$60.025 million (98% of the \$60.989 million FY2025 budget) in the prior fiscal year for the same period.

Motor Vehicle Title Ad Valorem Tax (TAVT) revenue collected was \$3.197 million (90.5% of the \$3.5 million FY2026 budget), up by \$507,273 (19%) compared to \$2.69 million (72% of the \$3.7 million FY2025 budget).

Franchise Tax revenue collected as of July 2026 was \$7.591 million (91.6% of the \$8.288 million FY2026 budget). This category is down \$821,875 (-10%) compared to \$8.413 million (109% of the \$7.7 million FY2025 budget) for the same period in the previous fiscal year.

Local Option Sales Taxes (LOST) collected as of July 2026 were \$32.8 million (86.6% of the \$37.88 million FY2026 budget) compared to \$30.3 million (80% of the \$37.686 million FY2025 budget). The rolling twelve-month comparison was up by \$1.952 million (or 5.35%) to \$38.409 million, from \$36.457 million for the same twelve months in the prior fiscal year.

Business and Occupation License revenues as of July 2026 were \$6.171 million (96.7% of the \$6.38 million FY2026 budget), down by \$298,538 (-4.6%) from \$6.47 million in the prior fiscal year. We receive the bulk of revenue for this category during the renewal period from January through May.

Insurance Premium Taxes posted as of July 2026 remained unchanged at \$11.783 million (\$1.283 million or 12% over the \$10.5 million FY2026 budget), also exceeding the \$10,337,239 recorded for FY2025.

Other Taxes collected to date were \$875,295 (68.6% of the \$1.276 million budget), down by \$73,249 or (-7.7%) from \$948,544 for the same period in the prior fiscal year.

License and Permit revenues collected as of July 2026 were \$4.21 million (87% of the \$4.822 million FY2026 budget), down \$627,086 (or -13%) compared to \$4.837 million in the prior year. The budget for this category was increased by \$530,500 (or 12%) to \$4,821,800, up from \$4,291,250 in the FY2025 budget.

Intergovernmental Agreements (IGA's – Fire Services)

The city has two intergovernmental agreements for fire services, one with Fulton County and one with the City of Atlanta (mutual aid). The budget for this category is \$1.2 million. Revenue collected to date was \$813,969.

NOTES – Continued

Charges for Services revenues collected as of July 2026 were \$1,240,899 (106.3% of the \$1.164 million FY2026 budget). Revenue was up by \$455,515 (58%) compared to \$785,384 for the same period in the prior fiscal year.

Fines and Forfeitures: The FY2026 budget remained unchanged at \$1.3 million. Collections are being deposited into the designated Municipal Court bank account. Transactions are accounted for in the Municipal Courts Fund (a custodial fund-type). The July disbursement report shows \$1.973 million pending disbursement to the General Fund. This is up \$729,554 (59%) from \$1.243 million in the same month last year. The rolling 12-month average is trending at \$2.3 million for the current fiscal year.

Investment Earnings / Income revenues were \$2.562 million (49% of the \$5.2 million FY2026 budget. Earnings were down -\$1.106 million (-30%) compared to \$3.667 million in the prior year. This line includes \$44,510 in donations, \$83,198 in insurance reimbursements, \$151,750 in gain on sale of assets, \$900,000 reimbursement from Fulton County, and \$201,025 in Miscellaneous Revenue.

Hotel Motel Tax: The city increased its estimated FY2026 revenue by \$142,700 (25%) to \$724,700, up from \$582,000 in the prior year. Revenues are received, calculated, accrued, and recorded monthly in the Hotel Motel Tax Fund. To date, the revenue collected in the Hotel Motel Tax Fund is \$933,645. The allocation is as follows:

- 34.50% \$322,108 To the General Fund (unrestricted)
- 43.75% \$408,470 To the Convention and Visitors Bureau (CVB)
- 18.75% \$175,058 To the General Fund (Tourism Product Development)
- 3.00% \$28,009 To the Public Arts Commission

The transfers to the General Fund, Convention and Visitors Bureau, and Public Arts Commission will be recalculated and posted at the end of the fiscal year.

The Budgeted Use of Reserves is an estimate for FY2026 restricted for one-time purchases. We will monitor capital outlay spending trends. The amount will be adjusted up or down at the close of FY2026, in conjunction with the financial closing process.

Rolling Twelve Months as of July 2026: The graph displays performance over the past 12 months, regardless of the specific month or fiscal year. A rolling twelve-month historical summation measures the total of the previous twelve months. Therefore, the LOST revenue trend is \$38.409 million in the current fiscal year.

Purchased/Contracted Services_____ \$214 K, Supplies_____ \$63 K,
Capital Outlay: Other Equipment_____ \$19 K.

*** end of report ***

Goal 1

Enhance Government Efficiency and Productivity

- Expanded the Division's operational capacity by onboarding 10 summer interns who provided valuable support to business licensing staff through customer service, field research, compliance activities, and day-to-day operational functions.

- Strengthened coordination between Business License staff and Code Enforcement, streamlining communication and collaboration to more efficiently identify, address, and resolve licensing deficiencies.

Goal 2

Increase Community Collaboration and Improve Quality of Life

- As noted in our previous report, the rollout of the 2026 Comprehensive Development Plan was successfully completed at the end of April, marking a major achievement for South Fulton and setting clear goals for growth, economic vitality, and quality of life. Developed through dedicated teamwork and community input, this flexible roadmap empowers city leaders to guide progress and adapt to future needs—laying the foundation for lasting success.

- The Planning and Zoning Team held 45 Pre-Conceptual Meetings, 10 Pre-Development Meetings, and 15 Joint Economic Development Meetings.

To boost direct engagement with businesses and enhance partnerships with City departments, the following steps were taken:

- Conducted coordinated business license compliance sweeps with Code Enforcement along Old National Highway, Cascade Road, and Roosevelt Highway.
- Conducted in-person business visits to educate owners and operators on City licensing requirements and assist them with becoming compliant.
- Utilized interns to conduct site visits, assist with customer outreach, and distribute compliance correspondence to unlicensed businesses.
- Businesses identified as operating without a current COSF business license were cited and provided with information regarding the steps required to obtain compliance.

Goal 3

Enhance the City's Financial Stability and Economic Diversification

- Planning and Zoning served as a registered vendor at the 2nd Annual South Fulton Small Business Resource Expo in May 2026, directly connecting businesses and residents with essential city departments and external partners. This effort deepened understanding of available resources and expanded opportunities to do business with the City of South Fulton. The team's participation provided comprehensive support to the city's business community.

The Business License Division focused on expanding the City's compliant business base and improving revenue collection through these steps:

- Successfully administered the Business License Amnesty Program, which operated from April 1 through June 30, 2026.
- Received 25 applications through the Amnesty Program, with 5 businesses achieving full compliance.
- Continued enforcement of business licensing requirements to ensure businesses operating within the City are properly licensed and contributing to the City's revenue base.
- Increased compliance efforts support a more equitable business environment by ensuring licensed businesses are not disadvantaged by businesses operating without required licenses.

Goal 4

Strengthen and Expand Infrastructure to Support Sustainability

- Developed a broader field-based compliance model that combines Tax Inspectors, Code Enforcement, and temporary outreach personnel.
- Established multiple outreach channels—including field visits, in-person customer assistance, and mailed notices—to improve the City's ability to reach businesses.
- The Division's expanded field presence provides a foundation for continued business identification, compliance monitoring, and enforcement beyond the current reporting period.
- These efforts will support future licensing cycles by creating a more proactive and sustainable approach to maintaining an accurate and compliant business inventory.

The following activity has taken place thus far in the first quarter (*May-August*) of 2026:

- 88 New Business Licenses Issued
- 268 Renewed Business Licenses
- 25 Amnesty Applications Processed
- 618 Residential Permits Issued
- 217 Commercial Permits Issued
- 8 Land Disturbance Permits Released
- 4 Pre-Construction Meetings
- 45 Pre-Conceptual Meetings
- 4 Pre-Development Meetings
- 15 Joint Economic Development Meetings
- 1339 Site Inspections Completed
- 129 Arborist Site Inspections

Goal: 1

Enhance Government Efficiency and Productivity

The CRS Division welcomes several new team members. We successfully filled vacancies for two (2) Administrative Technicians and one (1) Senior Administrative Coordinator, strengthening our team's capacity to support the City's commitment to responsive, efficient, and customer-focused service.

Power of Compliance Event

In July, our team served as a panelist at the Power of Compliance event, hosted by the Code Enforcement department. Residents had the opportunity to ask questions about submitting service requests and to receive status updates on previously submitted SeeClickFix requests. This engagement helped strengthen community awareness and encouraged residents to continue using SeeClickFix to report and monitor non-emergency service concerns.

City-wide Customer Service Training

"Raising the Service Standard"

The Community Relations and Services (CRS) Division, in partnership with the Human Resources Department, recently facilitated four (4) **"Raising the Service Standard" training sessions** as part of the City's mandatory, citywide customer service and professionalism training initiative. Building on three successful pilot sessions last year, the program was enhanced based on employee feedback, including updated content, additional training opportunities, and an improved facilitation approach.

The training directly supports the CRS mission of **"Empowering staff with training and professional development to uphold the highest standards of excellence."** Through this initiative, employees gain the knowledge and skills to deliver consistent, professional, and exceptional service. Our goal is to ensure that every resident, visitor, and internal customer feels heard, valued, and connected to the City of South Fulton in every service interaction. Excellence in customer service is a shared responsibility, and employees are encouraged to uphold these standards in every interaction, both internally and externally.

Professional Development

The Community Relations & Services (CRS) Division remains committed to investing in our team members and empowering them to grow professionally, expand their expertise, and achieve their career aspirations. We are actively exploring ways to engage with national professional organizations, expand access to industry-leading resources, and provide meaningful learning and development opportunities for the entire team. Through platforms such as **Tovuti**, the City's internal learning and development platform, we will continue to encourage employees to strengthen their skills, pursue professional growth, and build the knowledge and confidence needed to advance in their careers.

The Office of the City Manager recently obtained an organizational membership with the International Association of Administrative Professionals. IAAP offers an Organizational Membership designed for employers who want to support their administrative staff through professional development, networking opportunities, resources, and industry support.

In addition to team-wide development, CRS leadership continues to demonstrate the importance of lifelong learning, leadership, and service. As part of her personal and professional commitment to continued growth, the Division Director Hyman has joined the **National Coalition of 100 Black Women**, further supporting her goals of leadership development, mentoring, advocacy, and community service. This reflects the Division's broader belief that professional development is not simply about advancing careers — it is about developing leaders who are equipped to serve, inspire others, strengthen communities, and create opportunities for future generations.

Program and Performance Stats:

SeeClickFix Cases for April 1st- August 2026

GOAL 1

Enhance Government Efficiency & Productivity

In August, the Fire Department, in conjunction with the Police Department, participated in Active Shooter Training. The training provided personnel with practical knowledge and response strategies to improve the City's overall readiness, reduce the potential impact of an emergency, and deliver essential services more effectively during and after a critical incident.

On August 20, 2026, Fire Chief Chad Jones was invited to serve as a panelist at the Georgia Conference on Violence-Related Data. The conference brought together public safety professionals, law enforcement, public health officials, researchers, community organizations, and other stakeholders to examine violence-related data and identify strategies for prevention and intervention.

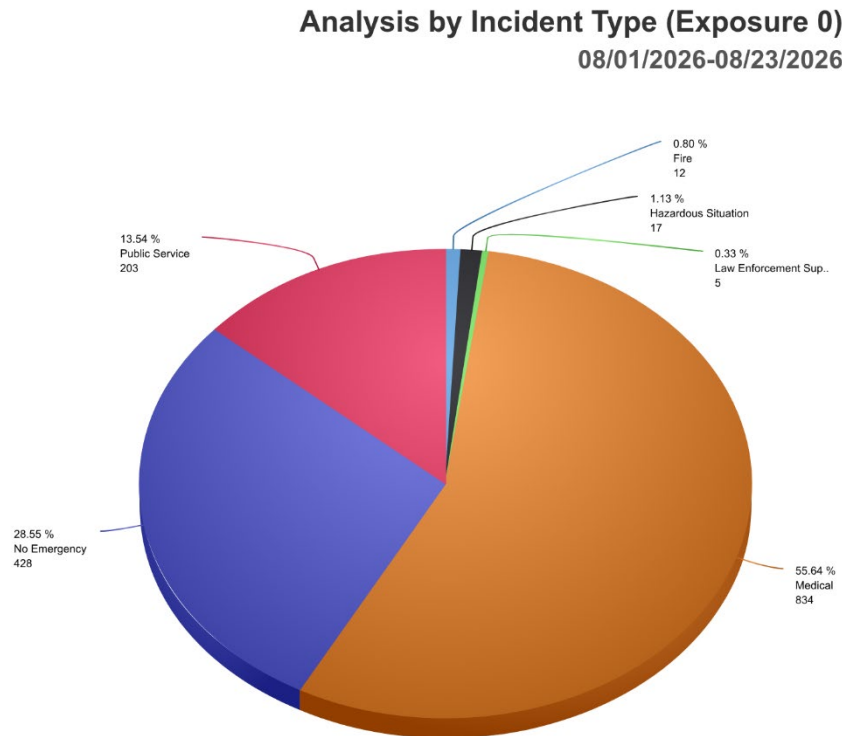

Chief Jones' participation provided an opportunity to share and learn from best practices in mental health and wellness initiatives for emergency responders. Participation in this event enhanced the Department's effectiveness by providing access to data and strategies that can support future programs, improve resource allocation, strengthen partnerships, and support the health and readiness of the emergency response workforce.

The Department also continues to focus on measurable improvements in emergency response and service delivery. The following EMS and fire response-time metrics demonstrate the Department's ongoing efforts to enhance operational efficiency, strengthen response capabilities, and better serve the community.

Type	Average Response	Times Goal Met (<6 min)	Total Calls	Goal Met (<6 min)
Fire	00:04:49	7	13	53.85
Medical	00:08:55	119	788	15.1

In August, the Department's average response time for fire calls improved from 5 minutes, 50 seconds to 4 minutes, 49 seconds, reflecting continued progress in operational efficiency and emergency response performance.

Medical emergency response time increased slightly from 8 minutes, 28 seconds to 8 minutes, 55 seconds. Although this is a modest increase, overall response performance remained relatively consistent.

In August 2026, approximately 55.64% of all calls for service were medical emergencies, underscoring the ongoing demand for emergency medical services and the Department's significant role in providing medical response to the community.

In addition to emergency response operations, the department remains focused on proactive prevention efforts to reduce risk before incidents occur. Between August 1, 2026, and August 23, 2026, South Fulton Fire Rescue personnel completed 160 fire inspections and worked on 1 investigation.

GOAL 2

Increase Community Collaboration and Improve Quality of Life.

Members of the Department had the privilege of participating in Love T. Nolan's Back School welcome for its students on August 3, 2026. Participating in this event strengthens relationships between South Fulton Fire Rescue and the community, supports families and students, and promotes positive engagement with residents.

The Westlake Dual Enrollment Fire Science Program officially launched on August 17, 2026, offering students the opportunity to explore careers in the fire service while supporting workforce development and community partnerships.

GOAL 3

Enhance the City's Financial Stability and Economic Diversification through Strategic Leadership and Community Partnership

Strategic partnerships with neighboring agencies support the City's financial stability by promoting efficient use of existing emergency response resources, reducing service duplication, and strengthening regional cooperation. The Department is working with the City of Palmetto to execute an Automatic Aid Agreement. An Automatic Aid Agreement with Douglas County is also progressing, with implementation anticipated in the first quarter of 2027. These partnerships will strengthen regional emergency response capabilities, improve public safety, and enhance the quality and efficiency of services provided to residents across participating jurisdictions.

GOAL 4

Strengthen and Expand Infrastructure to Support Sustainability

The Department continues to make progress toward developing the new Fire Headquarters and Training Facility. The latest Logistics Building layout was received on August 19, 2026, and is under review. The new facility will support the Department's long-term operational, training, and administrative needs.

Monthly Status Update | August 2026

District Information: District 1

Council Person: Dr. Catherine Foster-Rowell

- **City Administration Building (CAB):** The 90% Construction Drawing Set for the first-floor renovation was submitted on August 12, 2026. The phone pod project is approximately 90% complete, with installation and power/data connections coordinated. Completion is anticipated by the end of August.
- **Trammell Crow Park Drainage & Sidewalk Improvements:** Detention pond clearing was completed on August 7, and sidewalk demolition and replacement began on August 10. Project closeout is expected by September 4, 2026.
- **Sandtown Skybox:** The Construction Drawing Set has been approved. Collins General Construction, LLC, has been awarded the construction contract. The project will kick off after the contract is executed and the Notice to Proceed (NTP) is issued.
- **Sandtown Walking Trail:** The project was completed and officially closed on July 15, 2026. Coordination with Public Affairs is underway for a potential ribbon-cutting ceremony.

District Information: District 2

Council Person: Aaron V. Johnson

- **Fire Headquarters & Public Safety Training Complex:** The project is in the Design Development phase, with revisions underway to incorporate City comments and approved value-engineering measures. Site mobilization has begun, including the installation and inspection of erosion-control fencing. Issuance of the Design Development package is expected to be delayed by approximately three to four weeks to accommodate the approved revisions. The project team is evaluating the impact of this adjustment on subsequent design and construction milestones.
- **Cliftondale Classroom Building:** The project was completed in April 2026, with final closeout pending the fire-monitoring inspection. Parks and Recreation and the Cliftondale community have full access to the facility.
- **Wolf Creek Amphitheater Canopy:** The project has reached 90% Construction Documents and continues toward final design completion.

District Information: District 3

Council Person: LaTonya "Toni" Wright

- **Welcome All Adaptive Field:** City Council approved Cornerstone Sports to complete the adaptive-field design-build project.
- **Welcome All Park Community Building Interior Renovations & Refresh:** Remaining restroom finishes are being installed. The project will be completed in three

separate bid phases. Plans for the next phase are under review and will include the kitchen, flooring, multipurpose room, and café.

- **South Fulton Tennis Center:** The conversion of the existing clay courts to multipurpose hard courts is being rebid.
- **Welcome Center – 4800 Campbell Drive:** The project continues to progress on schedule. Grading, stormwater and water installation, and electrical conduit installation have been completed. Fulton County stamped the sewer plans on August 12, allowing paving restoration to proceed along Towanda Drive and Campbell Drive. The contractor and CIP team also reviewed concerns about a retaining wall and determined that it is on private property and not affected by the project.

District Information: District 4

Council Person: Jaceey Sebastian

- **Cedar Grove Park Community Building:** Headley Construction Corporation was awarded the Progressive Design-Build contract. Contract finalization is underway, and a project kickoff meeting will be scheduled after contract execution and the issuance of the NTP.
- **Wilkerson Mills Farris Park Renovations:** The site survey is complete, and the consultant presented three options to convert the existing baseball field into football fields. Additional site work will include light-pole upgrades and the installation of new emergency call boxes. All call boxes are scheduled for installation by August 31.

District Information: District 5

Council Person: Keosha B. Bell

- **Burdett Park Community Building Interior Renovations:** Restroom demolition is complete. Once materials arrive on-site, restroom work is expected to take about 15 days. The CIP team is evaluating the next phase of the project phasing plan. The window replacement project was completed on August 13, 2026.
- **Burdett Walking Trail:** Pond & Company is completing the project design, and F.H. Paschen, S.N. Nielsen & Associates LLC was awarded the Construction Manager at Risk (CMAR) contract. Project kickoff will be scheduled after contract execution and the issuance of the NTP.
- **Burdett Park ADA Playground:** The project is pending delivery of fill dirt to raise the site to the required elevation. Playground construction will begin after the fill dirt is placed and compacted.

District Information: District 6

Council Person: Natasha Williams-Brown

- **Creel Park ADA Playground:** The ADA playground renovation is complete.
- **Old National Park ADA Playground:** The playground renovation is complete. The CIP team is coordinating with a standby contractor to provide an ADA-accessible ramp to the playground.

- **Old National Park Skybox:** The 100% Construction Drawing Set was submitted on July 27, 2026. City review comments were scheduled to be returned to the design team during the week of August 17. Collins General Construction will be granted the right of first refusal for construction. The contract is pending required signatures and Mayoral approval. Construction is anticipated to take approximately four weeks after issuance of the NTP.
- **Old National Park Concession Building Renovations:** The architectural team is assessing the concession and restroom buildings to define the renovation scope and determine next steps for potential asbestos remediation.
- **Fire Station 7:** Brink Design has completed approximately 95% of the construction drawings. Fire Station 7 will serve as the prototype for future City of South Fulton fire stations.

District Information: District 7

Council Person: Linda Becquer Pritchett

- **Fire Station 10 Warehouse:** Responses to GSWCC site-erosion comments have been submitted, with approval expected by September 1, 2026. MEP coordination is complete, and the construction drawings continue to progress.
- **Municipal Court Facility Interior Building and Rehabilitation Project:** Pencor Construction was awarded the Design-Build contract. Contract finalization is underway and is expected by September 1, 2026. The project kickoff will follow contract execution and the issuance of the NTP.
- **West Road Passive Park:** The project is pending the selection of a dam consultant to evaluate the existing dam conditions and determine the recommended next steps.
- **Police Headquarters:** The project continues to advance through design and preconstruction. Site mobilization is scheduled to begin on September 10, 2026, with rock removal targeted for October 22, 2026. Early construction activities are expected to begin on January 5, 2027, consistent with the project's phased delivery schedule. Overall project completion is targeted for May 8, 2028.

Citywide & Cross-District Initiatives

- **Fleet Management**

- Vehicle repairs and maintenance: Completed 97 vehicle repairs.
- Responded to 15 service calls.
- Received eight new vehicles: seven for Public Works and one for General Services.
- Supported six special events.
- Fuel usage: Consumed 9,330 gallons of unleaded fuel and 4,200 gallons of diesel fuel.

- **Police**

- Installation of Samsara asset trackers continues on Police Department equipment, including trailers, motorcycles, ATVs, and other assets. Installation of Samsara telematics also continues on the remaining Police vehicles.
- Two new Polaris ATVs are undergoing equipment upfitting at Dana Safety Supply. The graphic decals have been completed.
- Continued compiling titles for surplus Police vehicles to begin disposition through sale or disposal.
- Police preventive-maintenance compliance rate is 70%.
- Completed a new light-duty vehicle maintenance agreement with Clutch Auto Care.
- Continued installing Cradlepoint modems in Police vehicles that lack internet connectivity.
- Approximately 14 Police vehicles requiring major repairs are on hold pending a determination on whether to repair them to extend their service life or replace them.
- Four collision-related Police vehicle body repairs are on hold pending third-party insurance determinations on whether to repair or declare a total loss.

Strategic Goals: 1, 3

- **Fire Rescue Fleet**

- Status of fire apparatus:
 - a. Engine 2: The Engine was rebuilt, and preventive-maintenance service was completed.
 - b. Truck 7: Remains with the vendor for diagnosis of computer-related issues.
 - c. Tanker 8: Repairs completed and released for service.
 - d. Medic 4: Delivery was scheduled for August 17; delivery status is being confirmed.
 - e. New Trucks 4 and 7: Delivery is anticipated on August 28.
- Apparatus inspection and compliance tracking:
 - **Preventive maintenance:** Four services were completed in August. A blanket purchase order is now in place, and sufficient reserve

apparatus is available to send one frontline engine for service each week until the maintenance backlog is eliminated.

- **Compliance:** All apparatuses are current on required inspections and pump testing.
- **Annual pump testing** was scheduled for August 20; final completion documentation is still pending.
- **State EMS inspection:** Scheduled for September 1.
 - Other projects started, ongoing, or completed this month:
 - Eight more iPad mounts are needed; three failed, and existing posts require replacement.
 - **Procurement:** Solicitations for fire apparatus and light-duty vehicle service and repair, as well as tire service, are being finalized.
 - **Apparatus refurbishment:** Staff is obtaining proposals for two apparatuses during the current fiscal year and two during the next fiscal year. The related solicitation is also posted on BidNet.
 - Total loss command vehicles:
 - **Accident status:** Two essential 2021 Ford Explorer command vehicles were involved in non-fault accidents and were declared total losses in August.
 - **Replacement status:** One replacement Explorer has been secured, while the second is still in the approval process.

Strategic Goals: 1

- **Environmental Health, Safety & Compliance**
 - **Capital Project Safety Governance:** Reviewed and approved contractor and project safety plans for major City capital projects, including Police Headquarters and the Fire Headquarters/Public Safety Training Complex. Reviews covered site controls, contractor responsibilities, emergency procedures, hazardous activities, worker protection, public interfaces, and applicable safety requirements.
 - **Citywide Fire & Medical Readiness:** Completed scheduled monthly automated external defibrillator (AED) and fire/life-safety inspections across City facilities. Continued coordination of fire-alarm, sprinkler, extinguisher, emergency-lighting, and related life-safety issues with Facilities, the Fire Marshal, and service contractors.
 - **Environmental Health & Facility Risk:** Ongoing City Hall indoor-air-quality and mold oversight through recurring environmental monitoring. Advanced investigation and corrective-action planning for water intrusion and indoor environmental concerns at the Red Oak Police Precinct.
 - **Environmental Due Diligence & Regulated Materials:** Initiated asbestos and lead-based paint testing at the Old National Park restroom and concession building to establish requirements for renovation, abatement, contractor protection, disposal, and planning before intrusive work begins.
 - **Welcome Center Construction Safety:** Continued EHS oversight of the 4800 Campbell Drive Welcome Center, addressing excavation, traffic control, utility interfaces, workforce safety, emergency access, site security, and erosion and sediment controls.

- **Parks, Accessibility & Public-Use Safety:** Advanced inspections and corrective-action management at Creel Park, Old National Park, Burdett Park, and Trammell Crow Park. Closeout activities for the Creel and Old National playground projects continued, including verification of ADA and playground-equipment compliance.
- **Critical Systems & Operational Readiness:** Completed the Tanker 8 safety reinspection and documented proof-load testing after repairs, enabling the apparatus to return to Fire Rescue service.
- **Opioid Prevention, Grants & Training:** Participated in cross-departmental planning to advance the City's opioid-overdose prevention and Narcan strategy. Also coordinated with an opioid-awareness trainer to support employee and community education.
- **Employee & Community Health Awareness:** Distributed health and safety bulletins covering heat, hydration, West Nile virus, Cyclospora, and food-safety and recall risks, including the recent Listeria-related meat recall.

Strategic Goal: 1,2,3,4

- **Sustainability Initiatives**
Citywide/General Projects

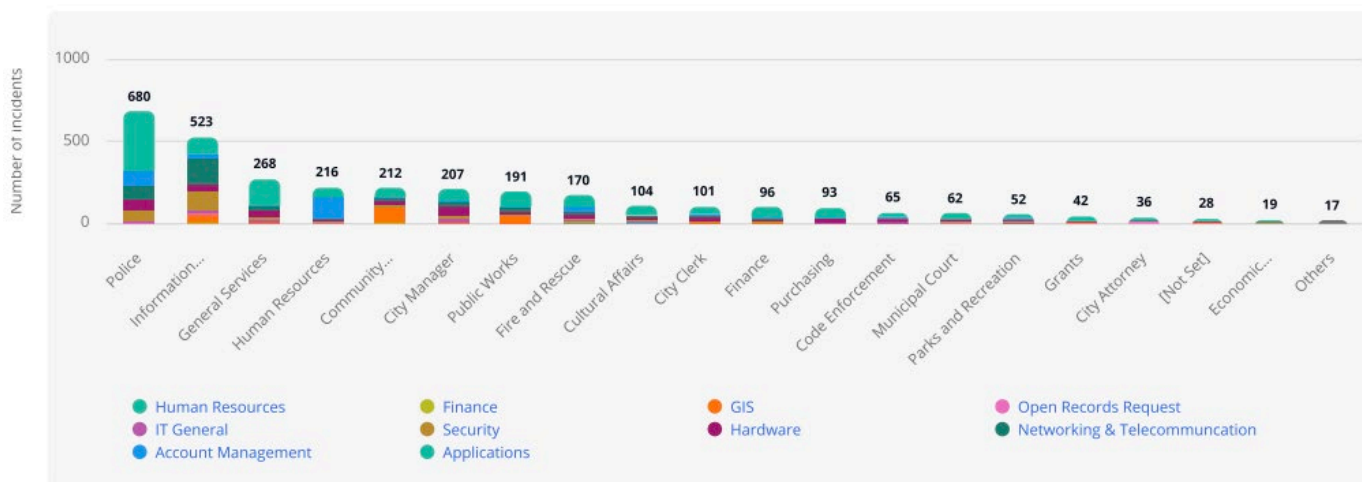

- **Administration Building HVAC Unit Failure:** The rooftop HVAC unit is experiencing an operational failure, and B&W Mechanical is confirming the equipment delivery and repair schedule. Separate corrective work is underway to address improperly installed electrical wiring, with completion anticipated by the end of August.
- **Administration Building IT Generator:** Maintenance and repairs on the primary IT backup generator are complete.
- **Holiday Lights:** Design and fabrication of dedicated storage racks for seasonal holiday lighting equipment are underway.
- **EV Chargers:** The city continues to coordinate with Georgia Power and Sparkfund to deploy more than 70 electric-vehicle chargers at municipal facilities. Level 3 and Lynkwell-integrated chargers are operational. Activation of the remaining ABB charger in the Lynkwell portal is pending. A coordination meeting is scheduled for August 20 to address the remaining commissioning requirements.

Goal 1: Enhance Government Efficiency and Productivity

GIS Operational Impact

- Improved emergency response planning through fire analysis and mapping station coverage.
- Improved Fulton County 911 data accuracy through address and street-range updates.
- Increased efficiency in planning and zoning operations through expanded CDRA mapping support.
- Enhanced public access to GIS information via updated StoryMaps and web applications.
- Improved data quality through business license consolidation and GIS upkeep.
- Supported strategic planning initiatives through GIS analysis and research.
- Advanced planning for the ArcGIS Enterprise 11.5 upgrade helps ensure a smooth transition to the long-term support release with minimal disruption to city operations.
- Continued modernization and optimization of enterprise GIS services.
- Provided GIS support for many of the city's departments throughout the city.

Tickets FY to Date:

GOAL 2: Increase Community Collaboration and Improve Quality of Life

Camera Project:

Pending Sites	Completed Sites	Sites on Hold	Cameras Installed
3	31	2	536

Camera/Access Control Project Pending Notes:

SITE	Status Notes
SF Tennis Center & Dog Park	On hold due to power issues (being addressed by Georgia Power and GSD).
Parks - Clintondale	Ongoing
Parks Maintenance	Pending

GOAL 3: Enhance the City's Financial Stability and Economic Diversification through Strategic Leadership and Community Partnerships

Tyler ERP Pro:

Update:

- The Tyler ERP Pro 10 modules are on hold due to finance availability.

Ancillary Modules – Status & Next Steps

- Fixed Assets (Finance, Purchasing): Pending
- Inventory (All): Pending
- Insights: Staged for Go Live

Tyler EP&L – Development System Configuration

Purpose: Streamline development financial tracking.

Update: The project is under review. IT's next steps are facilitating final testing and scheduling training and Go Live.

Sanitation Merk Mile Road Data Collection

Purpose: Update sanitation data collection methods.

Update: System configuration is ongoing to update data collection practices.

GOAL 4: Strengthen and Expand Infrastructure to Support Sustainability

Adaptive

Purpose: Provide a training and simulation platform to prepare/protect organizations from advanced threats.

Update: Complete

Procore – A Construction Management Software (CIP Projects)

Purpose: Simplify CIP project management.

Update: System provisioning is ongoing

Goal 1

Enhance Government Efficiency and Productivity

Case Processing and Disposition Efficiency

During the second quarter of 2026, the number of processed cases remained virtually unchanged from the same quarter in 2025, at 6,594. This represents a significant increase from 2024, when 4,645 cases were processed—an increase of approximately 42%. During the reporting period, approximately 6,067 cases were placed on the calendar, and 4,692 cases were successfully disposed of, resulting in a 77.3% disposition rate.

The decrease in case activity reflected in the current numbers is attributable, in part, to the implementation of a new IT system in mid-May, which temporarily affected case processing and scheduling. Additionally, the Police Department is operating with fewer police officers, which has contributed to a decrease in the number of cases entering the system. August figures remain fluid, as calendars are still being closed and cases are still being processed at the time of this report.

The continued focus on efficiently processing and disposing of cases strategically aligns with the City's goal of **Enhancing the City's Efficiency and Productivity**. By improving case management, maximizing available resources, and resolving cases promptly, the court can reduce delays and improve the overall effectiveness of the judicial process. Timely resolution of cases also enhances community safety, promotes accountability, and reinforces public trust and confidence in the judicial system.

Municipal Court Welcomes Two New Pro Tem Judges

On June 23, 2026, Municipal Court officially welcomed and swore in two new Pro Tem Judges, Judge Janet C. Scott **and** Judge Tunde Ezekiel. Both recently joined the Municipal Court team and bring extensive legal experience and a strong commitment to public service.

We are proud to welcome Judge Scott and Judge Ezekiel to our team. Their experience will be a valuable addition as we continue serving our community and meeting the court's growing needs.

Mandatory Judicial Training

In June, the Chief Judge completed mandatory judge training as part of the Municipal Court's ongoing commitment to professional development, compliance, and operational excellence. The training provided an opportunity to review current requirements, strengthen leadership skills, and stay informed on best practices relevant to court administration and operations.

Clerk Training and Professional Development

The Court continues to prioritize professional development and ongoing training to ensure that staff are equipped with the knowledge and skills necessary to perform their responsibilities effectively. During the reporting period, experienced court staff completed mandatory Clerk Training through the Institute of Continuing Judicial Education (ICJE). The training provides Clerks with updated information on court procedures, legal requirements, and best practices to support consistent and effective court operations.

As part of the Court's continued investment in staff development, two newer employees are scheduled to attend mandatory Clerk Training in September in Tifton, Georgia. Providing new employees with formal training early in their employment helps establish

a strong foundation for their roles and ensures they are prepared to meet the Court's operational and service expectations.

Participation in the CoSF College Government Learning Program

The Municipal Court continues to prioritize professional development and training to maintain a knowledgeable, skilled, and professional workforce. These efforts promote accuracy, consistency, and efficiency in the administration of court services while ensuring employees have the knowledge and tools necessary to serve the public effectively. This commitment to ongoing development supports the City's broader strategic goal to **Enhance Government Efficiency and Productivity** by strengthening organizational capacity, improving service delivery, and fostering a culture of continuous learning.

As part of the City of South Fulton's College Government Learning Program, the Court Administrator presented an overview of the Municipal Court's daily operations and its critical role in serving the community. The presentation provided participants with insight into case management, court proceedings—including bench trials, code enforcement matters, and plea and arraignment calendars—as well as the customer service responsibilities of court staff. The discussion also addressed fine collection, records management, and the range of misdemeanor cases processed by the Court, from traffic violations to other criminal matters. Additionally, the Court Administrator explained the purpose and process of issuing bench warrants and highlighted how effective court operations, accurate record-keeping, and timely case management contribute to public safety, accountability, and public confidence in the judicial process. This learning opportunity provided a comprehensive look at the Court's responsibilities while reinforcing the importance of professionalism, efficiency, accountability, and quality customer service in delivering effective municipal government services.

Municipal Court Strategic Goals Presentation

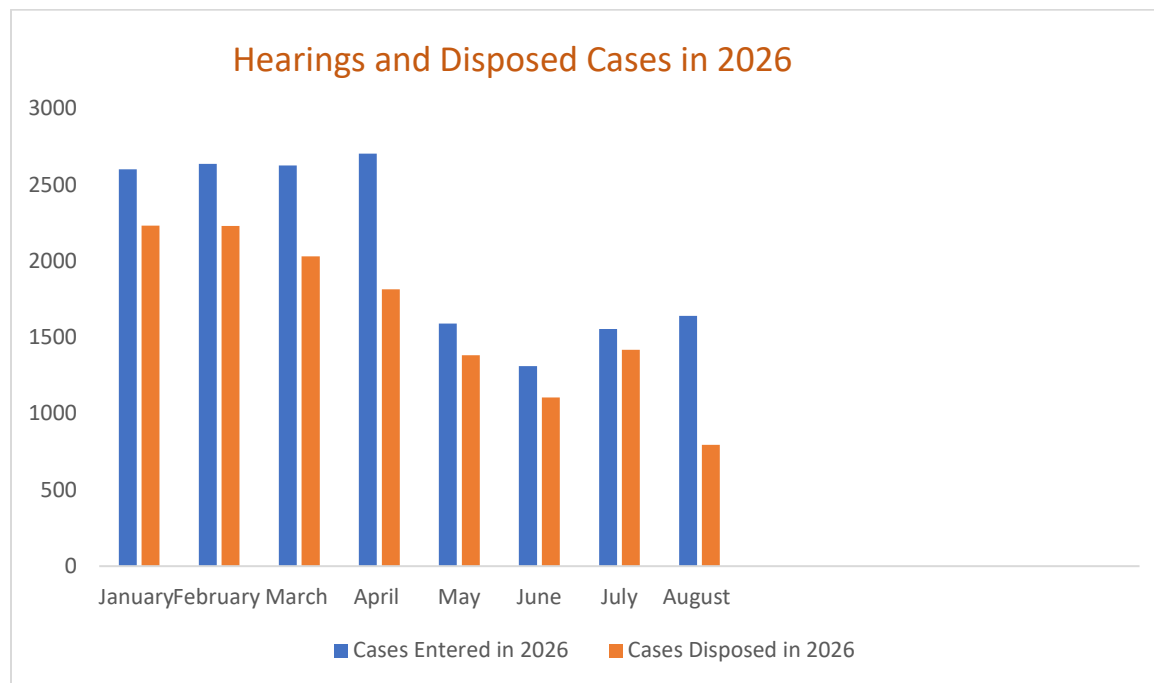

The Municipal Court Administrative Team presented its FY27 and FY28 Strategic Goals before the Mayor and Council during the CoSF Budget Retreat. The presentation provided an overview of the current state of the courts, as well as key priorities and anticipated changes included in the FY27 and FY28 budgets.

The team highlighted the continued increase in the number of cases being processed by the court each year. As caseloads continue to grow, additional resources will be necessary to maintain efficient court operations and ensure timely service to the community.

To address this growth, the courts will need to evaluate and increase staffing levels, including additional court staff, judges, and police personnel. These resources will be critical to supporting the increased workload, maintaining public safety, and ensuring the court system can effectively meet the needs of the community.

The FY27 and FY28 strategic goals are intended to position the Municipal Court to manage continued growth, strengthen operational capacity, and prepare for the future needs of the court system.

Municipal Court Cases Entered and Disposed of in 2026:

****Updated August disposition statistics. The calendars are being updated as of this report.**

Customer Service Statistics and Public Accessibility

During the reporting period, the Court received a total of 5,547 inbound calls, including calls received after regular business hours and on weekends. Of these, 4,059 calls were successfully answered, resulting in an overall answer rate of approximately 73%. This percentage includes calls received outside of the Court's regular operating hours, which staff are unable to answer. During regular business hours, staff continue to prioritize providing timely and consistent assistance to callers, with an average call-handling time of 3 minutes and 26 seconds.

In addition to telephone support, individuals may contact the Court by email or by submitting a ticket request form. While the internal service standard provides for a response within 48 hours, staff responded the same day in 99% of cases. These service channels collectively account for approximately 1,800 inquiries each quarter, demonstrating the Court's continued commitment to providing accessible and responsive customer service.

Moving forward, the Court will focus on increasing the number of calls answered during regular business hours and identifying opportunities to improve access to telephone services. These efforts will further enhance the public's ability to obtain timely information

and assistance while supporting the City's commitment to efficiency, productivity, and responsive service delivery.

Increase Community Collaboration and Improve Quality of Life

Community Engagement Employee Appreciation from the Office of The City Manager's Office

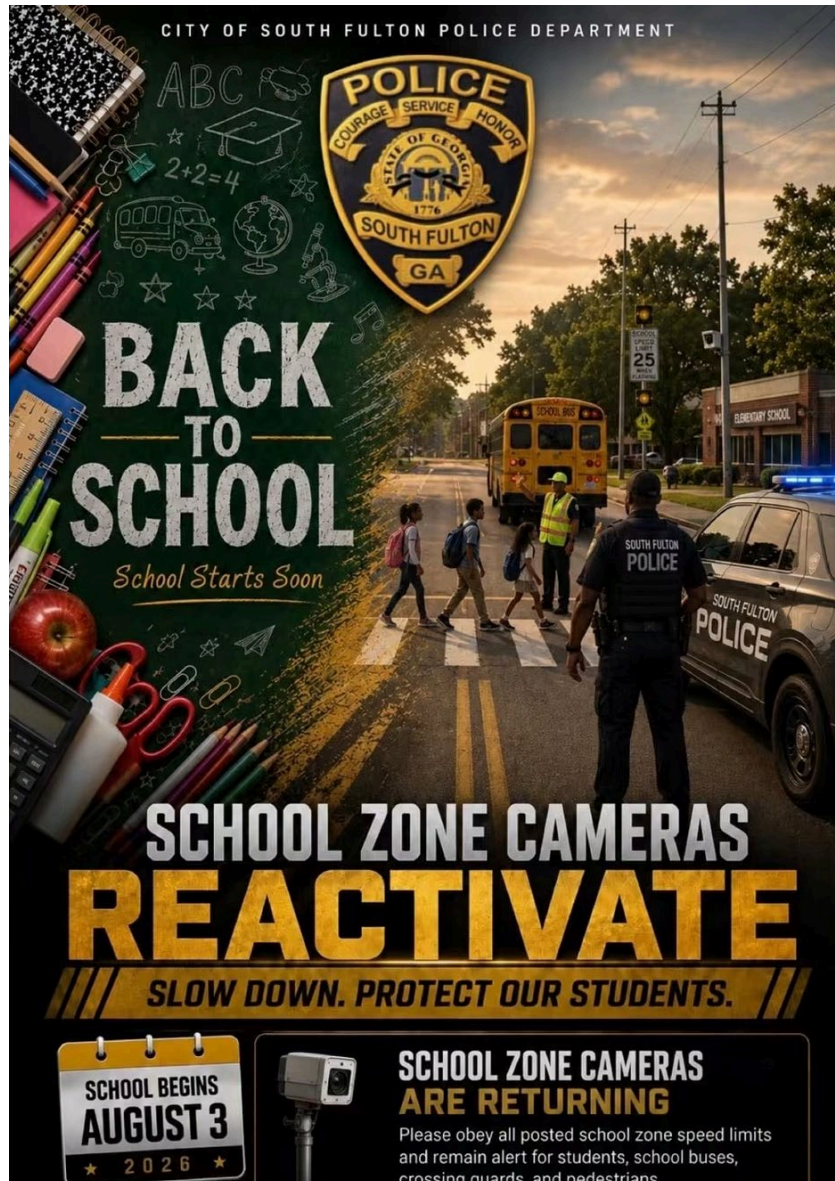

Municipal Court staff recently stopped by the Roosevelt Precinct to enjoy a King of Pop popsicle, courtesy of the City Manager's Office. It was a welcome chance to step away from the office, connect with street officers, and spend time with members of the Police Department's administrative staff. These informal opportunities help strengthen relationships and foster teamwork across departments.

School Zone Safety Partnership

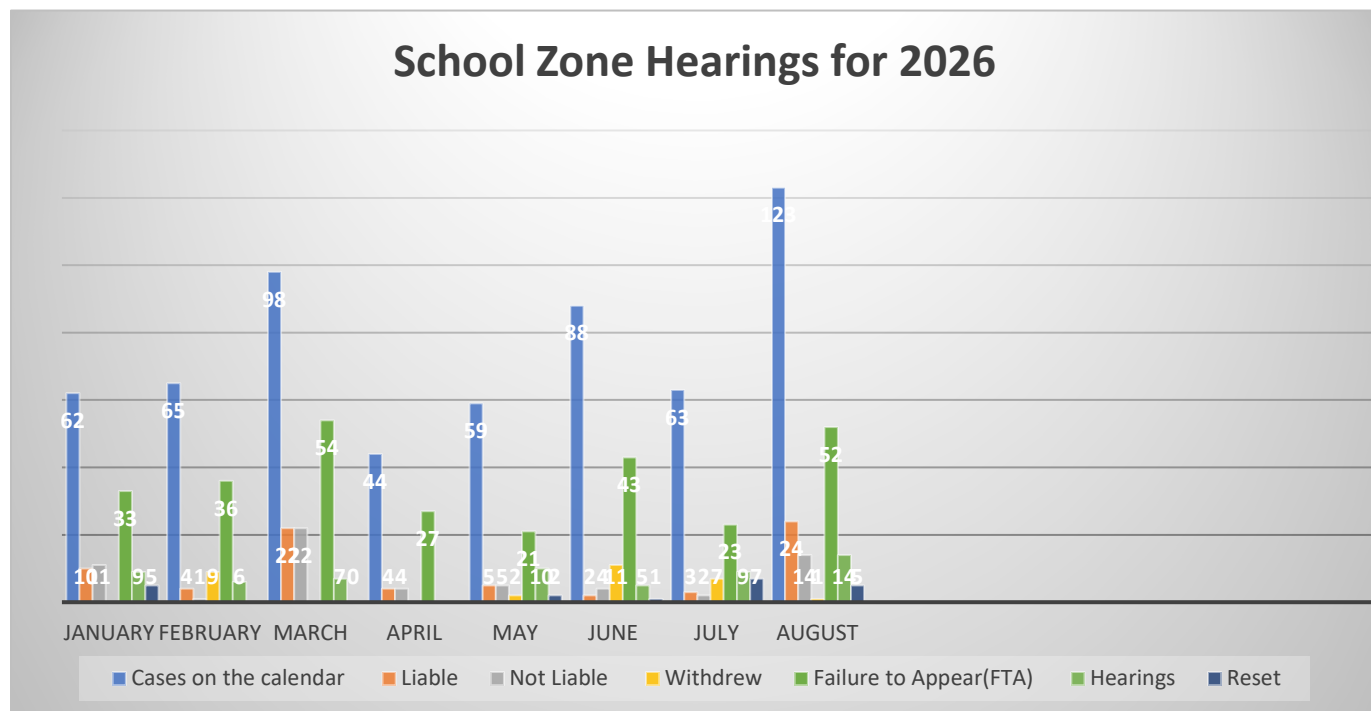

The Court continued its partnership with the South Fulton Police Department to promote safe driving practices in school zones. As part of this collaborative effort, a Public Service

Announcement (PSA) was launched to remind residents that the school year had begun and to encourage drivers to slow down and exercise caution during school hours.

The PSA also informed the community that school zone cameras had been reactivated, reinforcing the importance of complying with posted school zone speed limits. This partnership demonstrates the Court's and the Police Department's shared commitment to proactive community engagement, increased awareness, and the protection of children as they travel to and from school.

School Zone Calendar Statistics

There is a 31.5% decrease in school zone violations between 2025 and 2026 for this reporting period. In 2025, the court recorded 9,431 citations, compared with 6,460 citations in 2026, representing a reduction of 2,971 citations.

The continued decline in school zone citations is an encouraging indicator that drivers are becoming more aware of and compliant with school zone speed limits. The reduction in violations since the installation of school zone cameras supports the goal of promoting safer driving habits and protecting children as they travel to and from school year-round.

Nuisance and Abatement Cases

Properties and Case Progression:

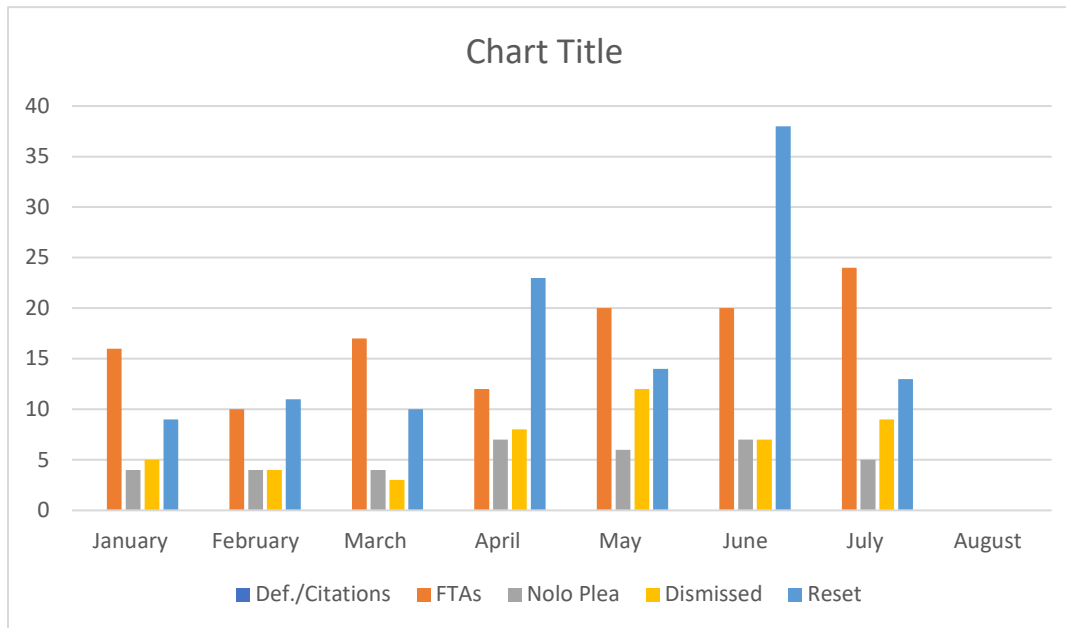

- 4900 Delano Road-Monitor progress for abatement. Reset for the September 23, 2026, calendar.

Demolition Orders and Final Outcomes

- **Camelot 501-524 Building 5** Orders signed by the Chief Judge to demolish the building

Code Enforcement

In our efforts to uphold code compliance, we remain committed to the safety of our community by resolving these cases promptly and ensuring compliance by individuals and businesses.

**August Code Enforcement date is not until August 26, 2026.

Court Calendar Schedule

Mondays (Crestwood)

- **Bench Trials:** Held on the 2nd and last Monday of each month at Crestwood
- **Plea & Arraignment:** Special Calendar: A Spanish interpreter is available on the last Bench Trial date of the month to provide services to individuals needing services

Tuesday & Thursday

- **Plea & Arraignment (Virtual):** 9:00 AM and 1:00 PM

Wednesdays

- **School Zone Hearings:** 1st Wednesday of the month (Crestwood)
- **Nuisance & Abatement Calendar:** 3rd Wednesday of the month
- **Code Enforcement Calendar:** Last Wednesday of the month at 9:00 AM (Crestwood)
- **Probation Revocation Hearings:** Last Wednesday of the month at 1:00 PM (Crestwood)

Monday, Wednesday & Friday

- **First Appearance Calendars (Virtual – Jail Cases):** 1:00 PM

Goal 1: Enhance Government Efficiency and Productivity

The South Fulton Police Department is committed to strengthening operational efficiency by leveraging data-driven deployment strategies, streamlining case management systems, and enhancing officer training programs. These efforts ensure that resources are effectively utilized to deliver timely and professional services to the community.

Goal 2: Increase Community Collaboration and Improve Quality of Life

The Police Department will continue to build and maintain partnerships with community stakeholders through proactive outreach programs, youth engagement initiatives (PAL), and neighborhood watch (HOA) collaborations. Our focus is on reducing crime, increasing transparency, and fostering trust, thereby enhancing the overall quality of life for our residents.

Goal 3: Enhance the City's Financial Stability and Economic Diversification

The South Fulton Police Department supports economic growth by ensuring the safety of business and commercial districts, while also prioritizing fiscal responsibility. By assigning officers based on crime trends, utilizing technology to reduce paperwork, and managing overtime more effectively, we minimize unnecessary spending while maintaining high-quality police services. These efforts create a safe and stable environment that attracts investment and supports the City's long-term financial health.

Goal 4: Strengthen and Expand Infrastructure to Support Sustainability

The Police Department is focused on sustaining long-term public safety through strategic investments in personnel and facilities. This includes recruitment and retention initiatives to build a stable workforce, modernizing our training programs to meet evolving community needs, and strengthening partnerships with regional agencies to ensure coordinated responses during emergencies. Additionally, with the approval of our new headquarters, we are preparing to expand and modernize our operational infrastructure, which will enhance service delivery and provide a lasting foundation for the department's future growth.

August 2026 Part 1 Crime Stats

28 Day Total								
Total 28 Days	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Total
Murder	0	0	0	0	0	0	0	0
Rape	0	0	0	1	0	1	0	2
Robbery	0	0	1	0	0	0	0	1
Aggravated Assault	2	0	1	6	5	1	6	21
Burglary	1	1	4	1	2	1	2	12
Larceny / From Auto	5	6	1	3	4	2	2	23
Larceny / Other	7	15	9	9	6	5	8	59
Auto Theft	1	1	4	2	1	2	2	13
	16	23	20	22	18	12	20	131

Crime data from January through July 2026 shows that **property crimes continue to account for the majority of reported incidents**, with Larceny/Other, Larceny/Vehicle, Auto Theft, and Burglary representing the highest-volume categories. June recorded the highest total among the seven primary categories reviewed, increasing from **157 incidents in May to 190 in June, a 21% increase**. This rise was primarily driven by increases in **Burglary (+150%), Larceny/Vehicle (+45.45%), Larceny/Other (+5.15%), and Auto Theft (+20%)**.

Aggravated Assault generally remained below January levels, while Murder and Rape continued to occur at comparatively low frequencies. July showed improvement in several property-crime categories compared with June, although Auto Theft increased to 23 incidents. **August figures are month-to-date and should not be compared directly with completed months, while September data is not yet available**. Overall, the data indicates that **property crime remains the primary area requiring continued monitoring and targeted enforcement efforts**.

NATIONAL NIGHT OUT

The South Fulton Police Department had an incredible time connecting with our community during National Night Out, hosted by Atlanta's own Yung Joc!

The evening was filled with great energy, music, family fun, meaningful conversations, and an opportunity for our officers to strengthen relationships with the residents we proudly serve. National Night Out is about more than an event—it's about building trust, unity, partnerships, and safer communities together.

A huge thank you to Yung Joc, our community partners, vendors, officers, staff, and everyone who came out and made the celebration memorable.

Community. Connection. Commitment.

We are One South Fulton, and together, we continue to make our city stronger!

One Department * One Mission * One Team

DEPARTMENT OF PUBLIC WORKS

Antonio M. Valenzuela, Director

Jim Martinez, Deputy Director

INTRODUCTION

The Public Works Department is pleased to present the August Report for the City of South Fulton. This report provides an overview of key activities, accomplishments, and operational highlights completed by Public Works over the past month. Our team remains committed to supporting the City's infrastructure, maintaining essential services, and delivering high-quality projects that enhance safety, efficiency, and quality of life for our residents and stakeholders.

Throughout the month, staff across all divisions worked diligently to advance priority initiatives, respond to service requests, and ensure that public assets—from roadways and bridges to waste management and stormwater systems—remain reliable and well-maintained. This report summarizes our progress, shows notable achievements, and identifies ongoing efforts that contribute to the department's short- and long-term goals. Furthermore, it serves as a reference for all active projects currently in various stages of implementation—procurement, design, right-of-way acquisition, construction, and maintenance. Lastly, the report outlines major standalone programs such as streetlighting, utilities, and traffic calming.

The document is organized into four sections:

- **SeeClickFix:** A tool that enables residents and business owners to submit service requests with photos, descriptions, and location details, helping staff address issues efficiently.
- **Transportation:** Covers updates related to Construction Operations & Maintenance, Traffic Operations & Maintenance, and Utilities. A summary of Capital Improvement Program (CIP) and TSPLOST projects is included. Detailed fact sheets are not part of this report; instead, the department now provides real-time project tracking through a [web-based tool](#) available on the Public Works homepage.
- **Stormwater:** Provides an overview of system conditions, current maintenance needs, and ongoing improvements.
- **Solid Waste:** Offers updates on the City's residential collection services and related operational activities.

We appreciate the continued collaboration between city leadership, partner agencies, contractors, and residents, all of whom play a valuable role in supporting the mission of Public Works. The accomplishments highlighted in the following sections reflect the dedication, professionalism, and teamwork of our employees who serve the community every day.

The City of South Fulton (COSF) 311 platform provides City officials with a centralized issue management system to manage issues from creation to resolution, engaging City of South Fulton residents throughout the process. The COSF mobile app and web tools enable residents and business owners to provide City of South Fulton staff with pictures, detailed descriptions, and other valuable information necessary to complete the job efficiently. Additionally, residents can obtain information about city services or report non-emergency incidents by calling the city's **24-hour 311 Call Center at (470) 552-4311**.

Capital/T-SPLOST

Southern Fulton County is currently updating its 2020 Comprehensive Transportation Plan. Covering eight cities—Chattahoochee Hills, College Park, East Point, Fairburn, Hapeville, Palmetto, South Fulton, and Union City—the Plan aims to establish a long-term vision, set priorities, and define transportation goals for the study area. It will “serve as a strategic framework for addressing both short- and long-term transportation needs across all modes, including automobile, transit, bicycle, pedestrians, and freight, while supporting economic development, equity, safety, and sustainability”.

The Comprehensive Transportation Plan (CTP) Update will provide a forward-looking framework to guide transportation investments and decision-making over the coming decades. Building on the foundation established in the 2020 Plan, this update will evaluate current transportation

conditions, emerging trends, community needs, and anticipated growth across all travel modes. It will be developed through a data-driven process that incorporates community feedback, input from local jurisdictions, local plans and studies, coordination with regional agencies, and a detailed analysis of existing and future conditions. Finally, it will align with local land-use patterns, regional transportation goals and initiatives, and anticipated demographic and economic changes.

On August 20, 2026, the Atlanta Regional Commission, with support from Modern Mobility Planners (MMP), the consulting firm awarded to lead the effort, officially launched the study. Meeting minutes from the kickoff session are included as Exhibit A.

Major tasks and plan schedule

The Plan Update will include a very robust community engagement, stakeholders' inclusion, public involvement, and elected officials' participation. Scheduled to span nearly two years, the plan includes the following tasks:

1. Task 1: Project Management
 - a. Monthly PMT meetings – scheduling poll will be sent shortly
 - b. City Council presentations in early 2028

- c. Schedule: August 2026 – May 2028 (project duration)
- 2. Task 2: Engagement**
 - a. Public engagement plan
 - b. Technical Advisory Committee – meets 4 times, tentatively October 2026, April 2027, October 2027, and March 2028
 - c. Community Council – meets 4 times, likely shortly after each TAC meeting
 - d. Website
 - e. Pop-up community events – likely Oct./Nov. 2026 and Sept./Oct. 2027
 - f. Surveys – aligned with in-person pop-up events
 - g. Public meetings – tentatively April 2027 (existing condition, needs, and prioritization framework) and November 2027 (draft project list)
 - h. Email list/email blasts
 - i. Engagement tracking
- 3. Task 3: Inventory of Existing Conditions**
 - a. Report on accomplishments
 - b. Plans inventory
 - c. Existing conditions report
 - d. Schedule: August 2026 to February 2027
- 4. Task 4: Assessment**
 - a. Needs/gap analysis
 - b. Needs assessment report
 - c. Evaluation framework
 - d. Schedule: January 2027 to July 2027
- 5. Task 5: Recommendations**
 - a. Draft and prioritized project list
 - b. Trail plan
 - c. Sidewalk plan
 - d. Recommendations report
 - e. Schedule: July 2027 to February 2028
- 6. Task 6: Documentation**
 - a. Draft and final report
 - b. February 2028 to May 2028

1. Draft and final report

City of South Fulton Public Works Department

CAPITAL AND T-SPLOST TRANSPORTATION UPDATES

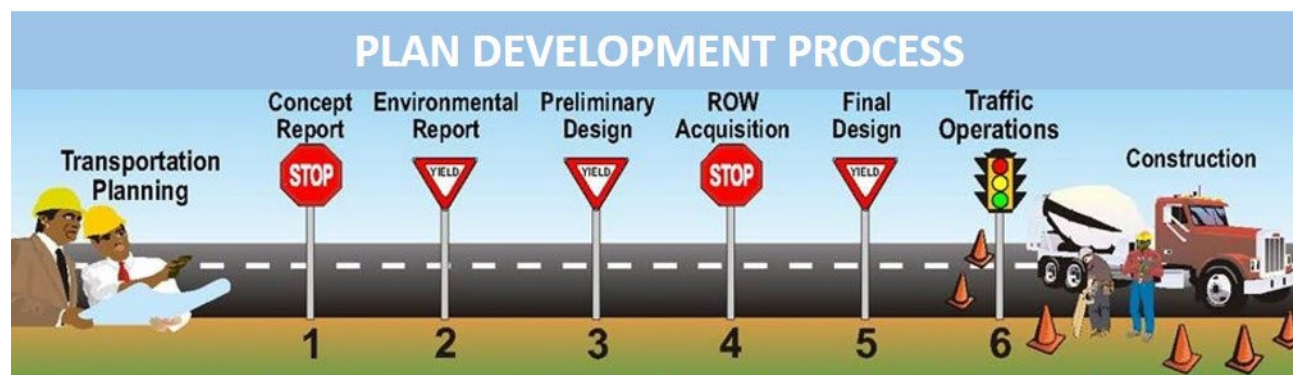

The City of South Fulton has a Capital and TSPLOST Program for implementing design projects that have been identified by City staff and stakeholders as a priority. Funding comes from the General Fund, TSPLOST sales tax collections and some Federal money.

TSPLOST-I tax collections started on April 1, 2017, and ended on March 31, 2022. TSPLOST-II tax collections started on April 1, 2022, and will end in 2027. TSPLOST-I projects are being prioritized for completion, and all TSPLOST-II projects will be in the concept or preliminary design stage.

The delivery of projects is centered around GDOT's Plan Development Process (PDP). This process typically consists of the four major phases: Design, Environmental Clearance, Right-of-Way (Services and Acquisition) and Construction (including CEI). Additional details of these phases are depicted below, which detail the project development process utilized by Public Works.

The plan development process, start to finish, is illustrated below:

TSPLOST I: Projects under Construction

- SU-700- Flat Shaols ATMS- Signal materials have been ordered.

TSPLOST I: Projects moving toward Construction

- OSI-617 – Welcome All at Jaillette Road – Utility certification is complete. The ITB is being prepared for advertising.
- OSI-607 – Demooney Road at West Stubbs Road – ROW certification is complete. The ITB is being prepared for advertising.
- B-500/OSI-601 Butner Road at Camp Creek (bridge replacement and intersection improvement) – Final plans complete, ROW acquisition continues in advance of ITB.

Projects in Right-of-Way (ROW) Acquisition

- B-504 – Demooney over Deep Creek – Continuing in ROW Acquisition before ITB advertisement.
- OSI-616 – Jones Road at Pittman Road/Stonewall Tell Road – Continuing in ROW Acquisition and final utility coordination before advertisement ITB.
- OSI-618 – Welcome All Road at Scarborough Road/Jailette Road – Continuing in ROW Acquisition and final utility coordination before advertisement ITB.
- OSI-608 – Enon Road at Stonewall Tell Road
– Continuing in ROW Acquisition before advertisement ITB.

TSPLOST I: Projects in concept design

Intersection Improvement projects

- OSI-603 – Butner Road at Pittman Road – Concept in further revision.
- OSI-619 – Butner Road at West Stubbs Road – Concept in further revision.

TSPLOST II: Projects in Design

Intersection Improvement projects

- OSI-620 – Aldredge Road and Merk Road – Plans are being prepared for ROW.
- OSI-629 – Ono Road/Hobgood Road at Rivertown Road – Plans are being prepared for ROW.
- OSI-631 – Union Road and Thames Road – Plans are being prepared for ROW.
- OSI-600 – Bethsaida Road at Creel/West Roads – Preliminary plans being finalized.
- OSI-622 – Bethlehem Road at Cedar Grove Road – Preliminary design is underway.
- OSI-623 – Butner Road at Aldredge Road – Concept is on hold.
- OSI-628 – Old Fairburn Road at Thaxton Road – Project cancelled.

Sidewalk projects

- P-902 – Bethsaida Road – Preliminary plans being finalized.
- P-903 – Cascade Road – PIOH to be scheduled for early fall 2026.
- P-907 – Fairburn Road Sidewalks Extension – Preliminary design is underway.
- P-908 – Flat Shoals Road – PIOH to be scheduled for early fall 2026.
- P-910 – Jerome Road – Preliminary design is underway.
- P-906 – Welcome All Road – PIOH scheduled for Sept 2026.
- P-911 – Merk Road – PIOH scheduled for Sept 2026
- P-914 – Union Road – Preliminary design is underway.

Bridge/Culvert Replacements

- T-288 – Stacks Road over CSX RR – Preliminary plans under final CSX review, BFI 90% complete.
- B-505 – Derrick Road over Deep Creek Tributary – Preliminary design is underway.
- B-508 – Koweta Road over Deep Creek – Preliminary design is underway.
- B-599 – Oglesby Road over Morning Creek Tributary –Design is complete. Continuing in ROW Acquisition before advertisement.

Federally Funded Projects

- T-265 – Old National Highway Sidewalks – Construction is ongoing.
- T-266 – New Hope Road Sidewalks – Construction is ongoing.
- T-277 – Cochran Road over Camp Creek (Bridge) – Construction is ongoing.

Gravel Road projects

- RG-160 – Jones Road – Preliminary plans complete, PFPR to be scheduled.
- RG-161 – Hall Road – Preliminary plans complete, PFPR to be scheduled.
- RG-162 – Rocky Head Road – Preliminary design ongoing.
- RG-163 – Thames Road – Preliminary design ongoing.
- RG-164 – Oxford Road – Preliminary design ongoing.

GDOT Manage Projects

- PI 0011845/OSI-624: SR 14 at Washington Road – Roundabout construction complete.
- PI 0013948 & PI 0013939/T-272 & T-273: Buffington Road Projects – Under construction with grading, paving, drainage structures, and water main work ongoing. Projected completion in the Fall of 2026.
- PI 0016605/B-502: Bethsaida Rd (CR 581) over Morning Creek – Construction is underway with R/W clearing activities to begin utility relocations, scheduled completion Spring 2028.
- PI 0015593/T-285: SR 92 @ Butner Rd/Ridge Rd Roundabout – Under construction with grading and roadway work, scheduled completion Fall 2027.
- PI 0017398/OSI-605: SR 92 @ Jones Road/Demooney Road Roundabout – In preliminary design, ROW authorization scheduled for August 2026, projected letting Spring 2027.
- PI 0019647: FIB and Westpark – Median conversion and R-CUT – ROW authorization request pending, FFPR request pending.
- PI 0019841: SR 138 at Bethsaida Road Roundabout – In ROW acquisition phase through May 2027.
- PI 0013809: SR 14 / US 29 @ CSX Bridge Replacement – Under construction, with roadway widening and utility relocation activities. Jack and bore plan approved. Forecasted completion Fall 2027.
- PI 0017995/0018185: SR 70 Streetscape Improvements/SR 70 @ Cascade Rd Intersection Improvement – Project let to construction.
- M006470: Campbellton Road (SR 154) from SR 70 TO I-285 - Resurfacing project complete.
- S016154: SR 70/South Fulton Pkwy @ Rivertown Rd - RCUT & U-Turn Lane – GAB placed, paving, stripe, sign, guardrail ongoing.
- S016174: SR 70/South Fulton Pkwy @ Rivertown Rd – Loon – GAB placed, paving, stripe, sign, guardrail ongoing.

Scope of Work Performed This Month

Work items performed between the monthly report dates detailed above:

- * Stage 1 road closure of Union Rd in effect. The detour route follows Butner Road to Pittman Road SW to Stonewall Tell Road to navigate the closure.
 - * Chlorine, pressure, and bacteria testing completed for new City of Atlanta water main.
 - * Tie in of newly installed City of Atlanta water main completed. This completion allows for removal of the old water main that was in conflict with this proposed roadway.
 - * Storm drainage pipe and structure installation on Union Rd.
 - * Grading of proposed roadway slopes and shoulders on Union Rd.
 - * Erosion control maintenance.
 - * Grading for new roundabout on Union Rd as rock removal allows.
- Revised reopen date for Union Rd set for end of 2026. It includes the following steps:
- 1) Stage 1 completion which includes water main work, utility relocations, concrete and asphalt installation on the currently closed section of Union Rd.
 - * 2) 14 day closure of Old Fairburn Rd to tie into Union Rd roundabout.
 - 3) Partial open of Union Rd at Old Fairburn with detours in place for 90 days to reconstruct Union Rd between Stonewall Tell Rd and Old Fairburn Rd and tie into Union Rd roundabout.
 - 4) Union Rd anticipated to fully by the end of 2026.

Progress and Schedule

The Physical Project Status is 53% completed as of the period ending date above.

The targeted Project Schedule Status was predicted to be 79% as of the period ending date above.

Scope of Work Planned For Next Month

- * Removal of embedded rock found in subgrade on Union Rd.
- * Grading for the roundabout at Union Rd in conjunction with rock removal. Stage 1 will still utilize the existing Old Fairburn Rd tie in at Union Rd.
- * Storm drainage installation.
- * Greystone Power utility relocations.
- * Removal of old existing gas main and water main that was in conflict with the proposed roadway.

Scope of Work Performed This Month

Work items performed between the monthly report dates detailed above:

- * This project consists of traffic signal upgrades at 13 intersections on Flat Shoals Rd from Old National Hwy to Mallory Rd.

Traffic signal upgrades will include new mast arm poles, new cabinets, detection, signal heads,

- * back plates, pedestrian signals, and pavement markings. This work will include fiber communication.

- * The contractor has currently ordered materials and will mobilize and begin work once delivered. Anticipated delivery is October 2026.

Progress and Schedule

The Physical Project Status is 9% completed as of the period ending date above.

The targeted Project Schedule Status was predicted to be 19.68% as of the period ending date above.

Scope of Work Planned For Next Month

- * Material Procurement

Scope of Work Performed This Month

Work items performed between the monthly report dates detailed above:

- * Redrock installed Type C silt fence at various locations from 2+30 LT to 3+80 LT 47+50 LT to 53+75 LT, 62+70 LT to 69+45 LT, and 47+20 RT to 62+80 RT
- * SD&C completed demo, grading and installment of sidewalk at Sta 2+90 LT to 3+65 LT, 1+50 RT to 7+60 RT, 11+65 RT to 17+40 RT, and 43+60 RT to 45+90 RT
- * SD&C completed demo, grading and installment of driveway at Sta 14+70 LT, 34+52 RT, 36+69 RT, and 37+74 RT
- * SD&C performed cleanup/maintenance onsite

Progress and Schedule

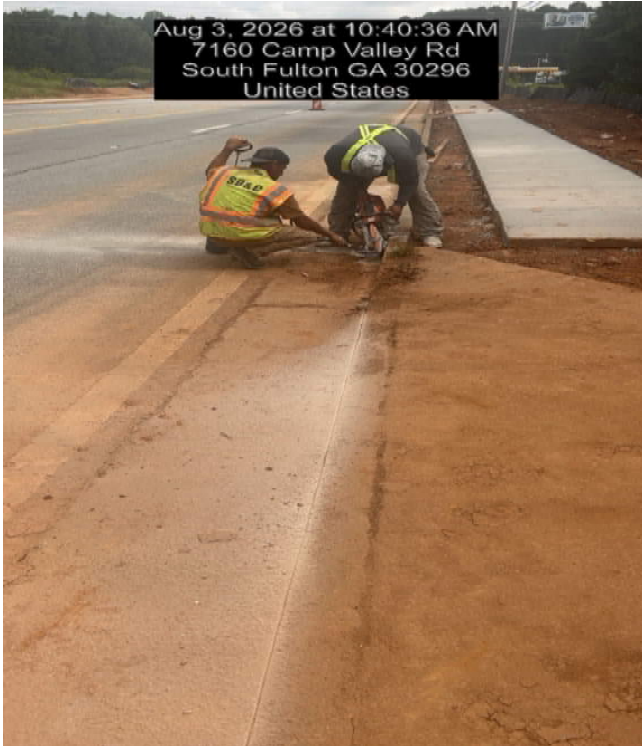

- * The Physical Project Status is **25%** completed as of the period ending date above.
- * The targeted Project Schedule Status was predicted to be **15%** as of the period ending date above.

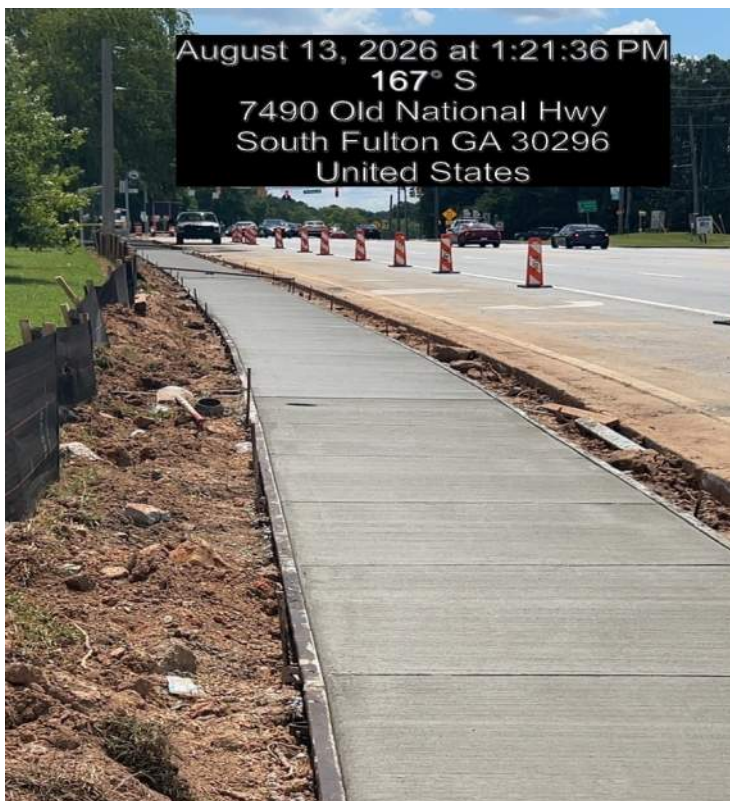

Next Tasks Up

- Continuing traffic control.
- Continuing erosion control.
- Continuing grading behind sidewalk.
- Grading and demo driveway left and right side of project.
- Grading and demo sidewalk left and right side of project.

Scope of Work Performed This Month

Work items performed between the monthly report dates detailed above:

- * Installed stamp concrete between Heatherland Dr SW and Guildford Forest Dr SW.
- * Project site clean up and removal of construction material.
- * Installing concrete driveway at parcel 61.
- * Georgia Power pedestrian lighting installation between Brightwood Ln SW and Scotland Rd SW.

Progress and Schedule

The Physical Project Status is 69% completed as of the period ending date above.

The targeted Project Schedule Status was predicted to be 84% as of the period ending date above.

Scope of Work Planned For Next Month

- * Georgia Power installation of underground electrical for pedestrian lighting and light poles.
- * Project site clean up.
- * Ongoing coordination with Fulton County for their upcoming sewer project within the project limits.

The section of this project from Boat Rock Rd SW to Versailles Dr is also within the limits of an upcoming Fulton County Sewer improvement project. Due to this, the only work that has taken place in this section is curb and gutter installation. Remaining work will be completed once Fulton County's Sewer Project is complete.

Construction Operations & Maintenance

City of South Fulton Public Works Department

CONSTRUCTION OPERATIONS AND MAINTENANCE

Right of Way Maintenance is required to provide safe and multi-use roadsides. A well-maintained right of way promotes a positive quality of life and is integral to the other functions such as utility installations, vehicle emergencies and sign placements. Right of way Maintenance serves to maintain a safe zone adjacent to the road pavement, improves drainage of stormwater from the road surface, and creates an attractive vista along road corridors. Accomplishments this month include:

Number of Potholes Repaired: 47

Traffic Engineering, Operations & Maintenance

City of South Fulton Public Works Department

TRAFFIC OPERATIONS

The Traffic Operations Crew is on constant patrol in the City of South Fulton to ensure that all signs and signals are working properly and clear to see. This consists of approximately 35,000 static or fixed signs, 69 Traffic Signals, 2 signalized and 2 Solar Pedestrian Crossings, 14 Traffic Beacons, 40 School Flashers and numerous Solar Flashing signs.

The following is a description of each of the 9 categories that is used by Traffic Operations and what each category represents.

- **Sign – Long Term Repair** is used if it is determined that a sign needs to be ordered. This category will remain open until the sign comes in and gets installed.
- **Sign – Other Sign Down/Missing** is used for missing signs, installing new signs, replacing or upgrading signs. If there are other signs on that post, the crew will clean them while onsite.
- **Sign – Preventative Maintenance** is used for the cleaning and straightening of signs that are found to be dirty or leaning over more than 10 degrees.
- **Sign - Stop/Yield Sign Down/Missing** is used for responding to or finding a STOP or YIELD sign that has been knocked down or missing. The traffic crew will then either replace or correct the sign.
- **Signal - In Flash or Dark** is used to let us know that the traffic signal is flashing all RED lights, or no lights are visible.
- **Signal – Long Term Repair** is used if parts need to be ordered or if a contractor is being called in to make repairs.
- **Signal - Other Issues** is used to let us know if there are any other problems with the Traffic Signal, this can include a LED bulb not working, if the crossWalk is being problematic, or the signal not changing.
- **Signal Preventative Maintenance** is used for making any corrections to a traffic signal including replacing LEDs that have burnt out or fixing signs on the wires that need to be corrected.
- **Traffic Operations – Other** is used to show the other things that Traffic Operations does. This includes responding to school zone issues, any type of traffic control, deploying/retrieving message boards or anything that does not pertain to traffic signals or traffic signs.

This month, the Traffic Operations Department acquired 168 new requests and closed 136 out.

The following are the 136 SeeClickFix items, along with the 7 Categories that Traffic Operations **responded to and completed** this past month.

Examples of work completed this past month are highlighted in Exhibit A.

August 2026

I. Stormwater Operations & Maintenance Report

Maintenance crews **completed storm repairs in multiple locations across Districts 1-7**. Jet-Vac and closed-circuit television (CCTV) crews mobilized on **nineteen (19) high-priority storm cleanings across the City**. Infrastructure repair crews cleaned/evaluated **635 linear feet of pipe** and cleaned **26 total storm structures**.

			19	635	\$21,969.80	

As a result of the high-priority storm structure cleaning, **field staff have now identified 66 high-priority pipe repairs connected to the recently cleared storm manholes that are necessary to restore drainage capacity and reduce localized flooding risks.** Pending approval from the City, contractors will mobilize as soon as possible to remove debris and root obstructions, verify the condition of each asset, and determine the appropriate next steps, including pipe replacement, trenchless repair, or other corrective measures.

Next Steps

- Continue on-site evaluation and prioritization of CCTV/cleaning and top-slab replacement of high priority structures per Storm-Sidewalk Action Plan for FY 2025-26.
- Continue repairs of damaged & obstructed storm systems identified from routine inspections

For August field evaluations, **staff identified six (6) high priority storm system repairs to restore drainage capacity and reduce localized flooding risks.** Recommended work orders focus primarily on trenchless repairs to address joint failures, invert erosion, and visible holes in the storm pipes. The estimated project cost for all 6 projects, based on current contractor's unit price contracts, is approximately \$88,248, pending additional quotes to compare pricing.

Location	Proposed Work	Length / Qty	Quote

Streetlights

City of South Fulton Public Works Department

STREETLIGHTS

The Streetlight Program was established to address the need for adequate illumination of public streets or roadways within the City of South Fulton. The goal is to aid in the safety and systematic movement of vehicular traffic within the public travel roadway. Lighting on roadways is not provided for personal security, such as lighting of yards, driveways, or private property. In-house staff assesses requests from residents, conducts field visits and works with power companies to address inquiries about new lights, repairs, and upgrades.

Last year, Mayor and Council approved a resolution adopting the Streetlight Masterplan. The

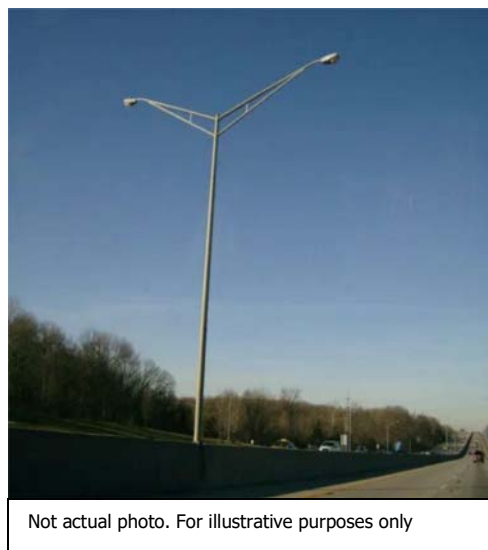

masterplan provides options for street and pedestrian light poles, styles, spacing, lighting technology and control, and appropriate lighting levels for various locations such as state roads, arterials minor residential streets, major street corridors including those with existing and proposed bike lanes, controlled

intersections, roundabouts, uncontrolled pedestrian crossings, transit station street areas, and parks.

This month, staff received two proposals for installing dual-arm poles along the centerline of:

- Camp Creek Parkway, from Old Fairburn Road to the Douglas County line. The scope includes of 332 161W-LED roadway lights and 170 black new poles, per the lighting plan. The proposed work will require approximately 6.4 miles of directional boring, a GDOT permit, and traffic control in designated areas. The lighting services agreements outline two payment options:
 - o No pre-payment and a monthly cost of \$48,953.40
 - o A pre-payment of \$2,518,375.00 with a monthly cost of \$13,605.36
- Fulton Industrial Boulevard, from I-20 to Camp Creek Parkway. The scope includes of (154) 161W-LED roadway lights and 77 black new poles, per the lighting plan. The lighting services agreements outline two payment options:
 - o No pre-payment and a monthly cost of \$20,671.42
 - o A pre-payment of \$994,600.00 with a monthly cost of \$6,309.38

Lastly, the department is finalizing a priority list to install and/or upgrade streetlights on all corridors with proposed and existing sidewalks, State routes, and intersections. All sidewalk projects will also include pedestrian lights. Upon completion, staff will meet with the power

companies to draft an implementation plan that will include costs and schedules. Requests for streetlights- new and upgrades- received to date are detailed in Exhibit A. All poles and light fixtures will match existing installations to ensure a consistent lighting pattern along Camp Creek Parkway.
